An additional rate reduction will be furnished as a usage credit applied as a percentage of the Customer's net monthly usage revenue commitment, only once for the first billing month of the Term Plan, as shown in the following table.

<u>Term Plan</u>	<u>Percent Credit of Customers' Net Monthly Usage Commitment</u>

36 month	200%
48 month	200%

To qualify for the usage credit, a customer must maintain an average monthly usage revenue level equal to, or greater than, the Net Monthly Usage Commitment for each of the first twelve complete billing months.
