RESIDENTIAL TELECOMMUNICATIONS SERVICES

SECTION V - SPECIAL SERVICES - (Continued)

5.1 EXCEL MyLine Service - (Continued)

5.1.10 Other EXCEL MyLine Service Terms and Conditions:

The Company reserves the right to adjust a Customer's service upon appropriate notification. The Company reserves the right to disconnect Customer's residential service or to convert any plan associated with such service to a business plan upon appropriate notification if it is determined that usage is not consistent with normal residential applications. If it is determined that usage is not consistent with residential voice applications, Customer will be assessed a Min. \$50.00 Max. \$100.00 monthly recurring data usage charge or will be disconnected.

Charges applicable to the following call usage and/or service features are not included in EXCEL's MyLine Local Service Package Monthly Recurring Charge(s):

- Calls requiring operator assistance;
- Data transmission-type calls;
- Interstate or international service and/or line charge(s);
- Call blocking charges;
- Directory listing charges;
- Directory Assistance calls (including directory assistance with call completion);
- Per use charges not included in an EXCEL MyLine companion local service offering;
- Custom features not included in an EXCEL MyLine companion local service offering;
- and
- Taxes and other quasi-governmental surcharges.

All terms and conditions of any service selected by the Customer, including applicable monthly recurring charges, will apply and will be in addition to the EXCEL MyLine Local Service Package charges as described above. When the billing date does not coincide with the date that the EXCEL MyLine Service plan is started, changed, or discontinued, the monthly recurring charge will be adjusted to reflect the fractional part of the month service is provided. For billing purposes, each month is considered to have 30 days.

SECTION V - SPECIAL SERVICES - (Continued)

5.1 EXCEL MyLineSM Service - (Continued)

5.1.10 Other EXCEL MyLineSM Service Terms and Conditions: - (Continued)

The Company reserves the right to discontinue offering this service and grandfather existing customers, in the event that (1) facilities are not available to the Company to adequately provide the service, and (2) such lack of facilities is the result of the failure of any carrier (from whom the Company is securing facilities to provide the service) to provide adequate service to the Company. If the Company discontinues offering this service and grandfathers existing customers, notice to the Commission will be provided in accordance with applicable Commission rules and regulations.

The Customer upon written or verbal notice to Excel may discontinue enrollment in the EXCEL MyLineSM Service plan. Usage from 800/8XX service plans, calls to Directory Assistance, Calling Card Calls, and Operator Assisted calls are excluded from the EXCEL MyLineSM Friends-R-Free Discount Program.

5.1.11 EXCEL MyLineSM Long Distance Services

EXCEL MyLineSM Long Distance Services provide an outbound voice grade communications service for Customers who subscribe to certain EXCEL MyLineSM bundled service packages described in EXCEL's New York PSC Tariff No. 3 "Local Exchange Services" on file with the Commission. In order to subscribe to EXCEL MyLineSM Long Distance Services, Customers must select EXCEL as the primary service provider for local exchange, intraLATA interexchange and interLATA interexchange telecommunications services.

RESIDENTIAL TELECOMMUNICATIONS SERVICES

CURRENT RATES, (Continued)

24 Excel Prime Business Select 3 Service

Excel Prime Business Select 3 Service is a combined inbound, outbound and calling card service offered to business Customers. Customers are billed at per minute rates based on Combined Monthly Usage volumes, and discounted rates are applied based upon the Customer's billed monthly usage. Combined Monthly Usage is defined as the Customer's billed usage for a monthly billing period for the combined total of interstate, intrastate, international and service calling card usage for a month's billing period. Directory Assistance charges, monthly recurring charges, service fees, surcharges and taxes are not included in the determination of the Customer's Combined Monthly Usage.

Customers to this service offering commit to Combined Monthly Usage of \$100.00, hereinafter referred to as the \$100.00 Monthly Minimum Commitment. In the event Customer does not meet the \$100.00 Monthly Minimum Commitment during any monthly invoice period, the Customer will be responsible for paying a deficiency charge for that invoice period. The Customer's deficiency charge will be the difference between the Customer's \$100.00 Monthly Minimum Commitment and the Customer's actual Combined Monthly Usage.

This service is offered on a month-to-month basis.

25 Excel Prime Business Select 4

Excel Prime Business Select 4 Service is a combined inbound, outbound and calling card service offered to business Customers. Customers are billed at per minute rates based on Combined Monthly Usage volumes, and discounted rates are applied based upon the Customer's billed monthly usage. Combined Monthly Usage is defined as the Customer's billed usage for a monthly billing period for the combined total of interstate, intrastate, international and service calling card usage for a month billing period. Directory Assistance charges, monthly recurring charges, service fees, surcharges and taxes are not included in the determination of the Customer's Combined Monthly Usage.

Customers to this service offering commit to Combined Monthly Usage of \$100.00, hereinafter referred to as the \$100.00 Monthly Minimum Commitment. In the event Customer does not meet the \$100.00 Monthly Minimum Commitment during any monthly invoice period, the Customer will be responsible for paying a deficiency charge for that invoice period. The Customer's deficiency charge will be the difference between the Customer's \$100.00 Monthly Minimum Commitment and the Customer's actual Combined Monthly Usage.

Customers subscribing to this service must commit to a term of 12 months. A service term begins on the first day of the month following service enrollment. When the Customer's 12-month service term expires, the Customer's service will automatically renew for another 12-month period, unless the Company receives in writing a notice of non-renewal during the period between 60 and 30 days prior to the end of the Customer's 12-month term period.

In the event a Customer terminates service with the Company prior to the end of the 12-month Term Commitment Period, or in the event that the Company terminates service based on the Customer's default, the Customer will be responsible for paying a Termination Charge equal to the Customer's \$100.00 Monthly Minimum Commitment, multiplied by the number of months remaining in the Customer's agreed 12-month Term Commitment period.

26 Excel Prime Business Flat Rate Service

Excel Prime Business Flat Rate Service is a dial-in, dial-out and calling card switched multi-point service designated for business customers. This service has a flat per minute rate structure for all time-of-day rate periods and allows the Customer to originate and terminate calls via local exchange carrier access facilities. There is no Monthly Usage Commitment Level required; however, in the event a Customer's monthly usage exceeds \$50.00 in any given 30-day invoice period, the monthly recurring account charge of \$11.95 will be waived for that given invoice period. Combined Monthly Usage is defined as the Customer's billed usage for a monthly billing period for the combined total of interstate, intrastate, international and service calling card usage for a month's billing period. Directory Assistance charges, monthly recurring charges, service fees, surcharges and taxes are not included in the determination of the Customer's Combined Monthly Usage.

37 Late Payment

The late payment charge shall be the portion of the payment not received two business days prior to the next billing cycle, multiplied by 1.5%.

38 State Access Recovery Fee

Excel will assess the State Access Recovery Fee on all Customers' bills within the state of New York. This fee is intended to recover the cost of intrastate access charges paid to other carriers. The State Access Recovery Fee of \$1.75 will be assessed in each Excel monthly billing cycle in which the Customer incurs \$1.00 or more in telecommunications services usage and will be billed in addition to the Company's rates and other fees.

41 Minimum Usage Fee

Customers of any and all services described in Sections IV and VI will be assessed a Minimum Usage Fee, per account, in each billing cycle in which their qualifying Excel charges do not meet the minimum usage amount for their bill type. The Minimum Usage Fee is the difference between the minimum usage amount (i.e., \$7.50 or \$10.00 based on bill type) and the Customer's qualifying charges in a billing cycle. Customers billed directly by Excel will be assessed a Minimum Usage Fee if their qualifying charges total less than \$10.00 in a billing cycle. Customers billed through their local telephone company will be assessed a Minimum Usage Fee if their qualifying charges total less than \$7.50 in a bill cycle. The Minimum Usage Fee will not apply to Customers of Excel's local exchange services or to customer accounts with no call usage in a given billing cycle when the account is assigned to a rate plan without a monthly fee or to one with only a monthly access fee, a fee which is billed only if the customer has used the service during the billing cycle.

Qualifying charges to be applied toward calculating the monthly usage minimum will be derived only from the following Excel charges: all long distance, calling card, toll free, operator assisted and directory assistance usage charges, Carrier Cost Recovery Fee as well as any monthly access fees or monthly recurring charges associated with the customer's rate plan.
