DEFERRED PENSION AND POSTRETIREMENT BENEFITS OTHER THAN PENSIONS

Pursuant to the Commission Order issued in Case 07-W-0639, United Water Owego-Nichols deferred pension and postretirement benefits other than pensions (OPEB) will be recovered through a 1.27% surcharge applied on all customers' bills on a bills-rendered basis commencing January 1, 2011. The surcharge will expire after seven years or at such time the total amount is fully recovered.

Description: In Case 07-W-0639, State of New York Public Service Commission Staff was granted their request to pursue an audit of United Water Owego-Nichols (UWON) Deferred Pension and OPEB costs in a Phase II proceeding to the rate case. As a result of the audit, the amount of deferred pension and OPEB was determined to be \$252,752. Of this amount, accrued interest owed ratepayers of \$117,221, recorded to UWON's pension and OPEB internal reserve accounts will be offset against the \$252,752 of pension and OPEB deferrals. The remainder, \$135,531, will be amortized over a period of seven years, at \$19,361 per year. In order to recover this cost, UWON will be allowed to bill ratepayers for this amortization through a surcharge.
