(Issued in compliance with Commission Order issued January 9, 2015 in Case 14-W-0459.)

Drinking Water State Revolving Fund  
Surcharge Statement No. 2

Beaver Dam Lake Water Corporation (Company) is authorized to surcharge the bills of all of its customers, quarterly for about 120 quarters, to repay an Environmental Facilities Corporation (EFC) zero-interest loan used to cover the costs of system improvements estimated to cost about \$2,020, 503. The initial quarterly surcharge is estimated to be \$109.33 per quarter per service tap. There are currently 154 service taps. The surcharge will be adjusted to reflect the actual costs of improvements and financing costs related thereto. The Company is authorized to collect a levelized surcharge over the term of the EFC loan effective February 1, 2015. If the company experiences any under-collections/over-collections or changes in the required levelized annual loan payments\* and associated charges required, it will file a new surcharge statement to become effective January 1 of the following year.

The calculation of the surcharge is shown below:

Annual debt service funding required	\$67,350
Prior period under (over) recovery	\$0
Quarterly Surcharge (for each service tap)	\$109.33

This surcharge will be adjusted or eliminated in the final years when there are sufficient funds in the EFC escrow account to pay off the balance of the loan.

Note: Any new statements the company files with the Commission will be audited by the Department of Public Service.

\* Private water companies with EFC loans from the Drinking Water State Revolving Fund are placed in a pool and if any company defaults, EFC can increase the payments required by the other companies in the pool by up to 10%. Should EFC increase the required payment, the company will file a statement containing the increased surcharge, on not less than three days notice, to go into effect the following quarter without further Commission action.
