Dear Fishers Island Water Works Corporation Customer:

On July 28th 2014, Fishers Island Water Works Corporation filed a minor rate tariff filing with the New York State Public Service Commission ("PSC") to increase rates. If approved, residential rates will change as shown in the tables below. The filing is to relieve a longstanding shortfall in company revenues. This increase in funding will assist Fishers Island Water Works Corporation to meet the challenges of the future and continue to provide the quality of drinking water and services that meet your needs.

If you would like to read our proposal, please stop by our business office or call us at 631-788-7251, Monday through Friday 8am to 5:00 pm. We also welcome your comments and concerns which can be submitted to us in writing at the address below:

The PSC is expected to make a decision on this case in late 2014. The commission may accept, reject, or modify, in whole or part, the company's proposal.

Sincerely,
