K. A “Residential Applicant” is a person who has made a request or who has had a request made by a third party on his or her own behalf for water service for his or her own residential use.

L. A “Residential Customer” is any person who, in accordance with an application for service made by such person or third party on his or her behalf, is supplied with water service at a premises where such service is used primarily for his or her residential purposes.

M. A “two-family dwelling” is a building designed to be occupied exclusively by two families living independently of each other, where water service is not billed separately for each unit.

N. A “service appointment” is an appointment scheduled in advance for which a specific date and time is agreed upon between the Company and the Customer. Emergency situations are not defined as service appointments.

O. The word "premise" as used herein shall designate:

1. A building under one roof owned or leased by one party and occupied as a residence, or for business or commercial purposes, or

2. A group or combination of buildings owned or leased by one party, occupied by one family, or one corporation or firm, as a place of business, for manufacturing or industrial purposes, or as a hospital or other public institution, or

3. One side of a double house having a solid vertical partition wall, or

4. A building owned or leased by one party containing more than one apartment and having one entrance and using one hall in common, or

5. A building owned or leased by one party having a number of apartments, offices or lofts which are rented to tenants, or

6. A public building such as a town hall, school house, fire engine house, etc., or

7. A single lot or park or playground, or

8. Each house or building in a row having party walls.

B. When the Company requires that meters shall be installed outside of a building on a new customer's or private property, the meter shall be placed in a convenient meter pit or suitable and approved above ground heated meter structure, any and all of which are often referred to as the meter housing. The meter housing shall be located in an accessible place away from the terraces, fences, paved areas, other structures or any location which would create a hazard to vehicles, pedestrians or Company personnel accessing the meters. The meter housing shall be frost-proof and either well drained or watertight and shall be provided with a strong cover fastened with a convenient locking device. The cover shall be kept clear of snow, ice, dirt or any other objects which might prevent easy access for reading, inspecting, testing, changing and making necessary adjustments or repairs of the meter. The installation of the meter housing is subject to the approval of the Company. The meter housing is the property and responsibility of the Customer. When there is evidence of tampering or theft of service associated with a Customer's indoor meter, the Company reserves the right to require that Customer to relocate their indoor meter to an outdoor meter housing at the Customer's cost and in accordance with the provisions of this Tariff.

The Company, in its sole discretion, may permit meters to be installed indoors. Any meters installed indoors shall be located in a clean, dry, safe place not subject to great variations in temperature, at or near the front wall as close as possible to the point of entrance of the connecting pipe. Meters shall be on a support which is free from appreciable vibration and shall be supported firmly, not less than 12 inches nor more than 36 inches above the level of the floor. The location shall be such as to be easily accessible, with no inconvenience to the Customer or to the Company

C. If the meter housing is to be installed upon property which is not owned or controlled by the customer, the Company will require that the Customer obtain an easement.

D. The location of the meter and the arrangement of the fittings to be supplied by the Company and service pipe shall be subject to the inspection and approval by the Company. A Company approved valve is to be installed on the inlet and outlet side of the meter.

E. Neither by inspection approval nor failure to approve, nor in any other way, does the Company give any guarantee, or assume any responsibility, expressed or implied, as to the adequacy, safety or characteristics of any structures, equipment, pipes, appliances or devices owned, installed or maintained by the customer or leased by the customer from third parties.

F. For condominium units which are separately metered as provided in Tariff Section 3.4, Subsection E, it is necessary to house the meters of several customers in a common area whether inside or outside of a building. The meter location shall be approved by the Company prior to the start of any construction. The company will require that provision for such a meter housing arrangement be contained in the declaration of the condominium association or deed conveying the unit to the customer on whose property the meters will be located.

P.S.C. No. 1 – Water
Veolia Water New York Inc.
Initial Effective Date: April 3, 2023

Leaf No. 27
Revision: 1
Superseding Revision: 0

F. The entire private fire service system shall be subject to the inspection, test and approval of the Company before the service is made effective. The Company shall have the right to enter the premises at any reasonable time for the purpose of making an inspection of the entire private fire service system. Any irregularities disclosed shall be cause for discontinuing service unless corrected by the Customer within ten days after written notice is given by the Company.

G. No water shall be taken or used through a private fire service connection for any purpose other than for extinguishing accidental fires, except for the purpose of testing fire fighting equipment, or as specified under paragraph (d). Such tests as mentioned above may be made only under special permit from the Company and the Company may require that its representative be present at such test.

5.7 Interest on Customer Overpayments

A. The Company shall provide interest on Customer overpayments in accordance with 16 NYCRR 534.

B. A Customer overpayment is defined as payment by the Customer to the Company in excess of the correct charge for water service supplied to the Customer which was caused by erroneous billing by the Company due to its own mistake.

C. The rate of interest on such amounts shall be the greater of the unadjusted Customer deposit rate or the applicable late payment rate, if any, for the service classification under which the Customer was billed. Interest shall be paid from the date when the Customer overpayment was made, adjusted for any changes in the deposit rate or late payment rate, if any, and compounded monthly, until the date when the overpayment was refunded.

D. The Company shall be required to pay interest on any Customer refunds that occurred on or after August 24, 1992. The Company shall not be required to pay interest on Customer overpayments that are refunded within 30 days of overpayment.

5.8 Drought Charges

Whenever the Rockland County Health Department or any duly authorized government entity ("Government Entity") enacts Stage 3 Drought due to drought affecting the service territory, a drought charge of an additional 25% over the highest volumetric rate block currently in effect shall be applicable to use of service for Rockland County, New York, under Service Classifications 1, 6 and 7, and shall apply in accordance with that Service. The drought rate will go into effect 30 calendar days after the restriction has been initiated and will remain in effect until the Government Entity has ended the restriction.

The increase in revenues resulting from the drought charges will be deferred for future use as determined by the Commission in the Company's next rate case.

6. PUBLIC FIRE PROTECTION

6.1 Installation of Fire Hydrants

A. Upon application of duly authorized representatives of municipalities in the territory supplied, the Company will install fire hydrants for purposes of public fire protection, at locations agreed upon by the municipal authorities and representatives of the Company.

B. Hydrants are owned by the Company and subject to regular inspection and maintenance by the Company.

C. Hydrants may not be used for street sprinkling, flushing of streets and sewers, catch basins, storm water drains, demonstrations, tests, fire drills, hose races, or similar purposes, or for filling swimming or wading pools or areas set aside for ice skating, or for any purpose other than public fire protection, without the written permission of the Company. When use for other than fire protection is authorized by the Company, appropriate measures will be taken by the user to prevent backflow.

D. The Company shall not be considered an insurer of property or persons or to have undertaken to extinguish fire or to protect persons or property against loss by fire or otherwise. The Company does not guarantee any special service, pressure, capacity or facility other than what is provided by its ordinary and changing operating conditions as they exist from day to day. It is agreed by the parties receiving service that the Company shall be free and exempt from any and all claims for injury to persons or property by reason of fire, water, failure to supply water pressure or capacity.

6.2 Use of Hydrants Other Than in Emergency

A. Where it is necessary to use hydrants for any purpose other than for public fire protection in an emergency or where no other source of water supply is available, a special permit is required, issued by the Company, under restrictions imposed in the interest of the public, including requiring the user to take appropriate means to prevent backflow. When required, the Applicant for such permit shall notify the local fire department of the intended use of a hydrant before using it and keep the permit card with him when the hydrant is in use.

B. Fire departments should inform the Company promptly of any hydrant which has been used or which is leaking, or in need of attention, so that such hydrants may be placed in readiness for instant operation.

6.3 Charges

A. Public Fire Protection

Charges for public fire protection are made in accordance with Service Classification No. 4, except as otherwise provided by contract.

B. Hydrant Flow Tests

7.2 Applications for Extension of Mains, Covered by Rules of the Commission

A. Whenever an owner or occupant of any property abutting on any street, avenue, road or way that is for any highway purpose under the jurisdiction of the legislative body of any city, town, village, county, or the State of New York, or other public place open to the general public for highway purposes, in which there is no water main appropriate to the service requested, within a distance of seventy-five feet from the said property, makes a written application for service, the Company will extend its system so as to service said property, provided that:

(a) the Applicant shall first have assured the Company that he will be a reasonably permanent Customer by meeting the conditions in 16 NYCRR §501.4;

(b) the Applicant shall have executed an agreement in such form as required by 16 NYCRR §501.4 (b) and Section 22 of the Company's tariff;

(c) if so required by the Company, he shall first have furnished reasonable security, as described in 16 NYCRR §501.4 (c), as to his performance of his agreement; and

(d) he shall deliver in form satisfactory to the Company, free of cost, all necessary permanent easements or rights-of-way in the particular streets concerned.

B. An Applicant who cannot qualify as a reasonably permanent Customer may be required to deposit the entire cost of the main extension and installed services with the Company. The Applicant shall be entitled to a refund, without interest, of the deposit as prescribed by 16 NYCRR §501.8 within 30 days of taking service and demonstrating reasonable permanency. The Applicant shall also be required to execute an agreement with the Company in such form as required by Paragraph 24.7 (A).

C. For developers who are subdividing or preparing real estate for residential or commercial occupancy, who require the installation of utility plant in advance of occupancy, the Company may retain as a deposit, in cases where the Company performs the installation pursuant to either Paragraph 3.1 or 3.2 (A) herein, the cost of the entire extension, subject to annual refunds as prescribed by 16 NYCRR §501.8. Developers shall be required to execute agreements in such form as provided in Paragraph 24.7 (B).

D. Developers or Applicants who cannot qualify as reasonably permanent Customers who install, construct, or place facilities outside of the public streets as permitted by 16 NYCRR §501.2 (b) shall be subject to the requirements of Paragraph 3.2 (b) of this tariff and shall also execute an agreement with the Company in such form as provided in Paragraphs 24.7 (C) and 24.7 (D) of this tariff.

E. That portion of the service pipe without the limits of a street, avenue, road or way or other public place, as hereinbefore defined or easement area shall be provided, placed, constructed and maintained by the Owner or the Customer in accordance with the Company's specifications.

Initial Effective Date: April 3, 2023

Leaf No. 109
Revision: 2
Superseding Revision: 1

SERVICE CLASSIFICATION NO. 8 - ALL SERVICE AREAS

MISCELLANEOUS SERVICE

Applicable to the following classes of miscellaneous service throughout the entire territory.

(a) Damaged or Tampered Meters

For any meters damaged by freezing, hot water, or external causes or subjected to unauthorized interference so as to reduce the accuracy or eliminate the measurement of service, the Customer is responsible for the cost of repairs.

(b) Hydrant Flow Tests

For all work and labor performed and all materials furnished by the Company for any of the above-captioned services, a fee of \$195.00 will be charged to the Customer or party requiring such service unless otherwise provided in this Tariff.

(c) Hydrant Use Permits

A hydrant use permit must be obtained by contractors seeking to use Company-owned public fire hydrants as a temporary source of water. A deposit of \$1,500 is required and payable at the time the permit is issued and prior to the issuance of any equipment. Simple interest at an interest rate per annum as prescribed by the Public Service Commission will be paid on all such deposits. The deposit plus any accrued interest will be returned upon receipt of all undamaged equipment less a calibration and re-stocking fee of \$200. The water usage fee will be billed monthly following effective rates and shall be calculated as the difference between monthly reads on the water plus the appropriate monthly meter facility charge.

Hydrant use permits will be issued beginning on March 15 and expire at the close of business on December 1 of the same year. The Company shall have the right to deny the issuing of a hydrant use permit where it determines that the applicant's use of the hydrant will have a detrimental effect on the Company's water quality.

(d) Bad Check Charge

This charge is applicable to all Customers where the Customer's check or bank draft is returned by the Bank for insufficient funds, closed account, or some other appropriate reason. The fee will be equal to the actual bank charges plus a handling fee of \$5.00 (not to exceed the maximum allowed by Section 5-328 of General Obligations Law)

(e) Restore Charge

This charge is applicable to all Customers where water has been physically turned off for nonpayment of a delinquent bill or at request of customer for any other reason.

Rates:

	<u>Each Occurrence</u>
During normal business hours	\$90.00
Outside normal business hours (Monday through Friday)	\$120.00
Weekends or Holidays	\$ 150.00

MISCELLANEOUS SERVICE (Continued)

The Company may Observe the following holidays:

New Years Day	Memorial Day	Veterans Day
Martin Luther King Day	Independence Day	Thanksgiving Day
Presidents Day	Labor Day	Day After Thanksgiving
Good Friday	Columbus Day	Christmas

(f) Late Payment Charge

A late payment charge of 1.5% per month may be applied to all unpaid balances no sooner than 23 days following mailing of the bill, as allowed by 16 NYCRR, Section 11.5 (a). This late payment charge is applicable to metered and non-metered Customers in all service classifications. The late payment charge will not be assessed on the total balance due under deferred payment agreements.

(g) Missed Service Appointment Refund / Fee

If the Company misses a service appointment without giving the Customer at least 24 hours notice, then the Customer shall receive a \$25 bill credit.

Special Provisions

Where water must be re-pumped by Company, the following charge is imposed:

Consumption Charges

Please refer to the current effective Addendum applicable to Service Classification No. 9, page 2 of 2.

A late payment charge to be computed at the rate of 1.5% per month, compounded monthly, may be applied to all unpaid balances no sooner than 23 days following mailing of the bill, as allowed by 16 NYCRR, Section 11.5 (a).

INTEREST OF CUSTOMER OVERPAYMENTS

The Company shall provide interest on Customer overpayments as follows:

1. A Customer overpayment is defined as payment by the Customer to the Company in excess of the correct charge for water service supplied to the Customer which was caused by erroneous billing by the utility.
2. The rate of interest on such amounts shall be the greater of the unadjusted Customer deposit rate or the applicable late payment rate, if any, for the service classification under which the Customer was billed. Interest shall be paid from the date when the Customer overpayment was made, adjusted for any changes in the deposit rate or late payment rate, and compounded monthly, until the date when the overpayment was refunded.
3. This part applies to refunds returned to Customers after August 24, 1992. The Company will not pay interest on Customer overpayments that are refunded within 30 days after such overpayment is received by the Company.
