GENERAL TARIFF

RATES AND CHARGES

14.1 GENERAL RULES AND REGULATIONS

A. APPLICATION OF RATES AND CHARGES

5. Special Charges

A one-time Engineering Design Charge (EDC) of \$225.00 applies to each request for a Special Construction quote. The charge will apply whether or not the customer elects to proceed with the installation. If the customer proceeds with the installation, the labor rates applicable to the Special Construction will be offset by the Engineering Design Charge.

6. Labor Rates

- (1) The following hourly labor rates will be used to develop Special Assembly rates and charges: @

	Hourly <u>Day Rate</u>	Addl Cost for <u>Overtime (Day)</u>	Hourly <u>Night Rate*</u>	Addl. Cost for <u>Overtime (Night)</u>
<u>Craft</u>				
Station	\$ 45.00	\$14.75	\$47.25	\$15.50
Outside Plant	49.75	16.25	52.25	17.00
Central Office	56.75	17.50	59.50	18.25
Assignment	43.00	14.50	44.75	15.00

Engineering

Network & Co. 155.50
Outside Plant 75.00

- (2) The following hourly labor rates will be used to develop Special Construction quotes: @

<u>Class of Plant</u>	<u>Plant (Craft) Hourly Labor Rate</u>	<u>Engineering Hourly Labor</u>
<u>Rate</u>		
Cable	\$49.75	\$75.00
Station	49.75	75.00
Poles	49.75	75.00
Wire	49.75	75.00

@ The rates for this service for residential customers are subject to the "Full-Flex" Pricing regulations set forth in Section 1.A.9 of this Tariff. The rates for this service for business customers are subject to the Additional Pricing Flexibility for Business Services regulations set forth in Section 1.A.10 of this Tariff.

* For use only when night rate is requested by the customer and plant requires a night shift.

14.3 PUBLIC TELEPHONE SERVICES

A. PUBLIC ACCESS LINES(Cont'd)

Local Usage

Per first minute or fraction thereof	\$0.0105
Per each additional minute or fraction thereof	0.0032

The following notes apply to rates and charges on the preceding page:

- * The monthly amounts set forth in this rate table are based on the costs that Verizon incurs in providing the relevant products or services, as determined by the New York State Public Service Commission. Verizon recovers those costs in part through the interstate End User Common Line ("EUCL") charge. Thus, to the extent that the EUCL applies to a product whose monthly rate is listed in this rate table, the intrastate monthly recurring charge for that product — *i.e.*, the charge imposed under authority of this tariff — is equal to the total cost shown in the rate table, less the amount of the EUCL, as that amount may change from time to time. Accordingly, in such cases, any surcharges that apply to intrastate charges or revenues under Verizon's New York tariffs will be computed on the basis of the intrastate monthly recurring charge only, and not on the basis of the total cost as shown in the rate table. Nothing in this tariff is intended to establish any rules, regulations, or rates applicable to the EUCL.

Verizon reserves the right to change this tariff should any restructuring or other change in interstate rates significantly affect the role of the EUCL as a cost recovery mechanism for the products at issue here.

- £ When a customer utilizes the port rate from Section 14.12 of this Tariff, the equivalent link amount is the full service line amount reduced by the corresponding port rate in Section 14.12.
- ** Service Connection Charges for business service apply, as specified in Section 14.7 of this Tariff. Moves or additions are subject to existing tariff rates and charges for business service.
- # CCPAL has been grandfathered. See Section 3.A.2.c of this Tariff.
- ## A Record Order Charge applies to the addition of the BNS feature subsequent to connection of the line.

* The monthly amounts set forth in this rate table are based on the costs that Verizon incurs in providing the relevant products or services, as determined by the New York State Public Service Commission. Verizon recovers those costs in part through the interstate End User Common Line ("EUCL") charge. Thus, to the extent that the EUCL applies to a product whose monthly rate is listed in this rate table, the intrastate monthly recurring charge for that product - *i.e.*, the charge imposed under authority of this tariff - is equal to the total cost shown in the rate table, less the amount of the EUCL, as that amount may change from time to time. Accordingly, in such cases, any surcharges that apply to intrastate charges or revenues under Verizon's New York tariffs will be computed on the basis of the intrastate monthly recurring charge only, and not on the basis of the total cost as shown in the rate table. Nothing in this tariff is intended to establish any rules, regulations, or rates applicable to the EUCL.

Verizon reserves the right to change this tariff should any restructuring or other change in interstate rates significantly affect the role of the EUCL as a cost recovery mechanism for the products at issue here.

When a customer utilizes the port rate from Section 14.12 of this Tariff, the equivalent link amount is the full service line amount reduced by the corresponding port rate in Section 14.12.

£ Service Connection Charges for business service apply as specified in Section 14.7 of this Tariff. Moves or additions are subject to existing tariff rates and charges for business service.

GENERAL TARIFF

RATES AND CHARGES

14.7 CONNECTION, RESTORAL, AND CONSTRUCTION CHARGES(Cont'd)

E. CONSTRUCTION CHARGES

3. POLE LINE CONSTRUCTION ON PRIVATE PROPERTY@

Construction required for private line service, leased channels and extension lines, PBX station lines, turret lines and tie lines are furnished at charges based on cost.

Poles required for main exchange service are furnished at a charge of \$3.70 per month for a term of five years for each 1/20 mile or fraction thereof route distance of construction in excess of two poles or 500 feet route distance for connection to the principal location of each subscriber served on a full year basis. No allowance applies to service to be furnished for only a part of a year. (T)

An applicant who wishes to prepay all monthly payments or the balance of the monthly payments at any time during the five-year term may do so by paying the total of the monthly payments for the unexpired term less 10%. A subscriber paying the construction charges on the monthly payment basis who discontinues service within the five-year term is required to pay a termination charge equal to the total of the monthly payments for the unexpired term less 10%.
