4. INTRALATA TOLL SERVICES

4.1 GENERAL

4.1.1 DESCRIPTION

IntraLATA Toll Service enables a customer of Company-provided Exchange Access Services to place calls to any station on the public switched telecommunications network bearing an NPA-NXX designation associated with a point within the customer's LATA either by prefacing each call with a 10XXX dialing code or by "1+" dialing utilizing the Company's designated intraLATA Toll Service provider.

IntraLATA Toll Services will not be directly provided by the company. customers utilizing the Company's Exchange Access Services will have their intraLATA calls carried by Global Crossing Telecommunications Services, Inc.
