PSC NO. 5 - TELEPHONE
Competitive Local Exchange Carrier Service
Effective Date: December 17, 2018

Section 6
Leaf 1
Revision: 0
Superseding Revision:

6. NETWORK SWITCHED SERVICES

6.1 GENERAL

Network Switched Services provide a customer with a connection to the Company's switching network which enables the customer to:

- A. receive calls from other stations on the public switched telephone network,
- B. access the Company's local calling service;
- C. access the Company's operators and business office for service related assistance; access toll-free telecommunications service such as 800 NPA; and access 911 service for emergency calling; and
- D. access the service of providers of interexchange service. A customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive 800 services from such providers or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (10XXX).

Network Switched Service is provided via one or more channels terminated at the customer's premises. Each Network Switched Service channel corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time.

Connection charges as described in Section 3 apply to all service unless waived pursuant to this Tariff.
