SERVICE CLASSIFICATION No. 10

TRANSITIONAL PROPANE SERVICE

A. APPLICABLE TO USE OF SERVICE FOR:

Available for service throughout the territory served under this tariff. The Company will convert and provide propane service to Customers receiving natural gas service in the Company's service territory where the annualized cost of facility replacement is above the current annual revenue received from the existing Customer and the length of facilities required to be replaced is greater than 650 ft., and where such Customers have not chosen to pay the Monthly Facility Replacement Surcharge described in General Information Section 4.D. ("Transitional Propane Customers"). Transitional Propane Customers shall receive service under this rate schedule for a period not to exceed 5 (five) years. At the conclusion of the 5 (five) year service term under this service classification Traditional Propane Customers shall no longer be eligible for and shall not receive gas or propane service from the Company.

B. CHARACTER OF SERVICE

Propane service sufficient to meet the monthly requirements of the Customer.

C. RATES AND CHARGES

(1) Monthly Base Rates

a. Minimum Charge

Customers receiving service under this rate schedule shall pay a minimum charge equivalent to the minimum charge under the otherwise applicable SC 1 or SC 3 sales rate schedule.

b. Usage Charges

The usage charges shall be the current usage charges under the otherwise applicable SC 1 or SC 3 sales rate schedule.

(2) Delivery Adjustment Charge

All gas delivered under this Service Classification shall be subject to surcharges, refunds or adjustments as set forth in General Information Section 38.B.(2).

(3) Weather Normalization Adjustment

Rates under this service classification shall be subject to the weather normalization adjustment as set forth in Section 36, General Information.

TRANSITIONAL PROPANE SERVICE - Cont'd

3) beginning in the fourth year of service Transitional Propane Customers shall be charged a Propane Adjustment equal to 60% of the difference between the cost of propane and the Company's cost of natural gas included in SC 1 and SC 3 sales rates; and 4) beginning in the fifth year of service Transitional Propane Customers shall be charged a Propane Adjustment equal to 84% of the difference between the cost of propane and the Company's cost of natural gas included in SC 1 and SC 3 sales rates.

E. INCREASE IN RATES IN MUNICIPALITY WHERE SERVICE IS SUPPLIED

The rates and charges under this Service Classification including charges specified under Special Provisions of this Service Classification, Delivery Adjustment and Monthly Gas Supply Charge shall be increased pursuant to General Information Section 35 to reflect the tax rates applicable within the municipality where the Customer is taking service.

F. MINIMUM CHARGE

Customers receiving service under this rate schedule shall pay a minimum charge as specified in the rate section of this tariff.

G. TERMS OF PAYMENT

All bills are due and are subject to a late payment charge in accordance with the provisions of General Information Section 8.E.

Payment for gas service may also be made in the manner prescribed in General Information Section 16 as hereinbefore set forth.

H. SPECIAL PROVISIONS

(1) Restrictions on Use

Service is subject to the pertinent provisions of General Information Section 20 as hereinbefore set forth.

(2) Determination of Monthly Billing Volumes

The monthly billing volumes shall be determined by converting the amount of propane delivered to the Customer during the month into the equivalent Ccf volume based on the BTU content of propane and natural gas. The propane and natural gas BTU conversion factors used shall be equal to those included in the monthly gas supply charge calculation.
