**Revision No. 0**  
**Superseding Rev. No.:**

## **ACCESS SERVICES**

---

### SECTION 1 – APPLICATION

This Tariff contains the descriptions, regulations, and rates applicable to the provision of Intrastate switched access services for connection to communications facilities within the State of New York by RCLEC, Inc. ("RCLEC"). Copies may be inspected during normal business hours at the Company's principal place of business: 20 Davis Drive, Belmont, CA 94002 or on the Company's website at <http://www.rlec.com>.

This tariff applies only to the extent that services provided hereunder are used by a Customer for the purpose of originating or terminating intrastate communications. A communication is "intrastate" only if all points of origination and termination are located within the State of New York.

The rules and regulations contained in this tariff apply to the services and facilities provided by the Company in the State of New York. When services and facilities are provided in part by the Company and in part by other connecting companies, the regulations of the Company apply to the portion of the services or facilities furnished by the Company. Failure on the part of the customer to observe these rules and regulations after due notice of such failure, automatically gives the Company the right to discontinue service to that customer.

- A. In the event of a conflict between any rate, rule, regulation or provision contained in this tariff and any rate, rule, regulation or provision contained in the tariffs of Companies in which the Company concurs, the rate, rule, regulation or provision contained in this tariff shall prevail.
- B. Should there be any conflict between this tariff and the Rules and Regulations of the Commission, the Commission's rules shall apply unless otherwise established by the courts.
