LOCAL EXCHANGE TARIFF

NEW YORK METROPOLITAN LOCAL ACCESS AND TRANSPORT AREA

A. APPLICATION OF TARIFF

This Tariff contains the schedules of rates and specific regulations applicable to local exchange telephone service furnished within the New York Metropolitan Local Access and Transport Area (NY Metro LATA) comprising the City of New York and the counties of Nassau, Suffolk, Westchester, Putnam, Rockland and portions of Orange and Dutchess Counties served by the central offices listed hereinafter.

The rates, charges and rentals for classes of service and facilities not specifically shown in this Tariff are given in P.S.C. NY No. 15--COMMUNICATIONS.

Additional detail concerning telephone service provided in Zones and Exchanges outside the City of New York is found in Tariff PSC NY No. 3--COMMUNICATIONS.

1. Local Access and Transport Area (LATA)

The term "Local Access and Transport Area" denotes a geographic area established for the administration of communications service by Verizon New York Inc. It encompasses designated exchanges, including those of Independent Companies, which are grouped to serve common social, economic and other purposes.

The six LATAs, and the tariffs in which specific information is found, are:

<u>LATA</u>	<u>Tariff</u>
*New York Metropolitan (New York Metro) (132)	16/3
Poughkeepsie (133)	3
Albany (134)	3
Syracuse (136)	3
Binghamton (138)	3
Buffalo (140)	3

There are, in addition, the Rochester (974) and Fishers Island (921) Market Areas in which Verizon New York Inc. does not offer local exchange telephone service.

- \* The Exchanges of Byram and Greenwich in Connecticut are part of the NY Metro LATA, but are not part of the Regional Call Plan. Calls between these exchanges and other parts of the NY Metro LATA are at local and toll charges as specified in this Tariff, PSC NY No. 3--COMMUNICATIONS, State of Connecticut Tariff No. 2 and F.C.C. Tariff No. 11.

A. APPLICATION OF TARIFF (Cont'd)

2. Regional Call Plan

All intrastate telephone calls between stations, both of which are within the NY Metro LATA, are local calls.

The NY Metro LATA is divided into seven Regions whose boundaries are defined by political, commercial and social mutuality of interest. The Regions are:

New York City	Lower Westchester
Nassau	Upper Westchester
West Suffolk	Rockland
East Suffolk	

The Regions are variously divided into Exchanges, Zones and Geographical Areas. These entities are groupings of central office designations (c.o. codes) which serve as the basic units for the administration of telephone service and which, for purposes of this Tariff, are used to define Flat Rate Primary Calling Areas, Message Rate calling areas and areas for Dial Sent-Paid Calls from Public Access Smart-pay Lines in which Home Region rates apply across Region boundaries.

3. New York Metropolitan Exchange Area

The New York Metropolitan Exchange Area (NYMEA) is that part of the NY Metro LATA which is comprised of the Regions of New York City, Lower Westchester and Nassau (except Amityville, Cold Spring Harbor and Farmingdale).

4. Local Usage Adjustment

In order to reduce increases in intrastate intraLATA usage charges that may result with the implementation of the Regional Call Plan (RCP), the intrastate intraLATA usage charges may be adjusted on customers' bills.

The adjustment applies to residence and business customers in areas which formerly had Band B calling to Zones/Exchanges located outside their Home Region.

When a customer's calling under the RCP rate structure results in an increase in total intrastate intraLATA usage charges as compared to the total charges for the same calling under the former rate structure, that customer will receive a local usage adjustment on his or her bill.

B. ZONES/EXCHANGES/GEOGRAPHICAL AREAS

The New York City, Nassau and Lower Westchester Regions are divided into thirty-two Zones. Of these, fourteen are located in New York City and are designated as Zone 1 and Zones 3 to 15 inclusive; nine are located in Nassau County and are designated as Zones N1 to N9 inclusive; nine are located in Westchester County and are designated as Zones W1 to W9 inclusive. There are also three Exchanges in the Nassau Region.

Nassau and Lower Westchester Region Zones are sub-divided into Geographical Areas.

West Suffolk, East Suffolk, Upper Westchester and Rockland Regions are divided into Exchanges.

1. New York City Region

ZONE 1

All Manhattan central office designations are located in Rate Center NWYRCYZN01. This Rate Center handles the 212, 646 and 917 area codes.

ZONE 2

All central office designations in Rate Center NWYRCYZN02 are consolidated into Zone 1.

ZONE 3

All Manhattan central office designations in Rate Center NWYRCYZN03 are consolidated into Zone 1. Zone 3 includes those central office designations in the Borough of the Bronx, except Rikers Island in the Bronx, located in Rate Center NWYRCYZN03.

F. CABLE AND WIRE FACILITIES FOR POLICE DEPARTMENT EMERGENCY CALL BOX TELEPHONES

1. General

Special cable and wire facilities required for the connection of PBX station lines extending from New York City Police Department switchboards to emergency call box telephones on parkways, expressways, bridges and tunnels are furnished, installed and serviced subject to the following regulations and charges

2. Regulations

The New York City Police Department is responsible for the furnishing of conduit between the emergency call box telephone and the point of connection of the special cable and wire facilities with the Company's general distributing system. The New York City Police Department is also responsible for the furnishing and placing in such conduit of drag lines for pulling telephone cable.

Conduit utilized by the Company shall not be used by others for any purpose without the consent of the Company and the New York City Police Department.

In the event any obstructions are encountered in the conduit, the New York City Police Department is responsible for clearing such obstructions and making the conduit suitable for the placement of cable.

Any repairs, replacements or rearrangements of the special cable and wire facilities made necessary because of damage caused by representatives or employees of the New York City Police Department will be made at the expense of the New York City Police Department.

G. HOME REGION PERSONALIZED RATE PLAN

(This Plan is furnished to existing subscribers only. Moves are permitted provided facilities are available.)

1. General

The Home Region Personalized Rate Plan is an optional calling plan which provides subscribers to the Personalized Rate Plan described Part C of the Product Guide, who are located within LATA 132, with an average monthly flat rate for all of the customer's qualifying Home Region calls. In general, the monthly rate is based on the customer's average monthly "Base Period Qualifying Usage".

2. Regulations

- a. The Home Region Personalized Rate Plan is available to residence customers who subscribe to the Personalized Rate Plan and: (a) who are in New York Metropolitan Area LATA (LATA 132); and (b) who had at least three months of Verizon New York Inc. service for the relevant Billed Telephone Number (BTN) during the period shown in Section 2 of this Tariff (the "Base Period"). Such customers are referred to in this Tariff as "qualifying customers".
- b. The Home Region Personalized Rate Plan applies to qualifying customers' charges for qualifying usage accrued for a particular BTN at a single location. Qualifying usage consists of all measured Home Region calls.
- c. The "Base Period Qualifying Usage" for a particular BTN is defined as the average monthly level of charges accrued for the following services during that part of the Base Period in which the customer received service for the BTN from Verizon New York Inc.: measured Home Region calls (for Flat Rate customers this consists of calls in the Home Region but outside of the Primary Calling Area) and any measured Home Region calls associated with the Gold or Silver Variety packages.
- d. Both qualifying usage and Base Period Qualifying Usage must satisfy all of the following requirements: (a) the call must be originated within LATA 132, (b) the call must be carried and billed by Verizon New York Inc. to the customer participating in the Plan, (c) the call must be dialed and completed without the assistance of a Company operator. However, qualifying usage does not include any of the following: operator-handled calls; (a) calls to a chatline service under NY PSC Orders and calls to any information service including calls placed to 700, 800, and 900 Services; and (b) calls associated with any other optional calling plan. G. HOME REGION PERSONALIZED RATE PLAN (Cont'd)

(This Plan is furnished to existing subscribers only. Moves are permitted provided facilities are available.)

2. Regulations (Cont'd)

- e. The monthly flat rate charged under the Home Region Personalized Rate Plan is the Base Period Qualifying Usage, increased or decreased, as the case may be, by the "percent change" specified in Section 2 of this Tariff.
- f. If a customer's qualifying usage over a twelve-month period increases 25% or more above the previous year's usage, the monthly rate may be increased for the succeeding year by the amount shown in Section 2 of this Tariff.

3. Rates and Charges

This service is subject to the Flexible Pricing Plan regulations set forth in Tariff PSC NY No. 1--COMMUNICATIONS, Paragraph A.8. For Rates and Charges, see Section 2 of this Tariff.

H. UNLIMITED LOCAL PLAN

1. General

Unlimited Local Plan is an optional calling plan which is available to individual residence message rate subscribers located in the New York Metropolitan LATA and provides unlimited basic local usage calling within the subscriber's Home Region.

2. Regulations

- a. Unlimited Local Plan is available on a line-level basis to residence individual line message rate subscribers, including additional line and Life Line customers, at a single location within the New York Metropolitan LATA.
- b. Unlimited Local Plan is not available on ISDN lines.
- c. Unlimited Local Plan applies per telephone line at a single location.
- d. Where multiple lines are associated with a single Billed Telephone Number (BTN), the customer can elect to enroll one or more of their lines, up to a maximum of five lines at a single location, in the Plan.
- e. The monthly rate for Unlimited Local Plan is in addition to the monthly rate for residential individual message rate service.
- f. If for any reason the Company withdraws Unlimited Local Plan, all customer subscriptions to the Plan will be cancelled.
- g. A Record Order Charge does not apply when a customer adds Unlimited Local Plan to their line.

3. Waiver

The Company reserves the right, upon 10 days' notice to the Public Service Commission, to waive the rate associated with Unlimited Local Plan in order to promote the sale of the Plan. Each waiver period offered by the Company will not extend beyond 90 days. The terms and conditions of the waiver will be filed as an Attachment to the Tariff. If, at the expiration of the waiver period the customer elects to retain the Plan, then applicable rates and charges will be applied from the date the service was permanently established. Appropriate customer notification of the waiver will be made.
