SECTION 9 - AT&T DIGITAL LINK#

(C)(T)

9.1 DESCRIPTION

9.1.1 General

AT&T Digital Link is a Local Exchange Service which permits outward local calling capability from a Customer's premises utilizing Direct Outward Dialing (DOD), Direct Inward Dialing (DID) or Main Listed Number (MLN)* over dedicated digital facilities (as designated in the AT&T Business Service Guide). The Customer's premises must have a Customer provided compatible Private Branch Exchange (PBX) system or multi-line terminating system to originate and terminate the calls. AT&T Digital Link also permits outward local calling capability from a Customer's premises utilizing Direct Outward Dialing (DOD) over an external Local Exchange Company (LEC) provided Centrex Service. The Customer will be responsible for obtaining all necessary Centrex Service Automatic Route Selection (ARS) reprogramming. DOD, DID, 8YY and MLN* capability is available where facilities and operating systems exist.

AT&T Digital Link Service (ADL) supports both line and trunk applications for customers. The Company will determine whether a Customer requires a line or a trunk application based upon: 1) the quantity of telephone numbers at a customer location and 2) Customer's existing service requirements, unless Customer requests a change to existing requirements.

Line applications exhibit lower levels of network occupancy. With line applications there is commonly a relationship of one (1) telephone number per channel.

To adjust for the levels of Customer usage, AT&T will apply a ratio of DID Channel charges to telephone numbers. The specific ratio(s) to be applied is located in the Price List. The Customer may request a full facility charge as an alternative to multiple channel charges.

Trunk applications typically exhibit a multiple telephone numbers per channel relationship. Charges will apply in a ratio of one (1) DID Channel charge per trunk. The Customer may request a full facility charge as an alternative to multiple channel charges.

* Main Listed Number (MLN) is not available for new installations after August 1, 2003.

Effective August 14, 2014, AT&T Digital Link (ADL) Service will no longer be available either under this tariff or under contract to new ADL Customers. New ADL Customers do not include customers that acquire existing ADL locations as a result of a merger or acquisition. (N)

SECTION 9 - AT&T DIGITAL LINK

9.1 DESCRIPTION (Cont'd)

9.1.3 AT&T Digital Link Direct Inward Dialing Service (DID)

AT&T Digital Link Direct Inward Dialing Service provides inward calling service from the telecommunications network to the Customer's premises for use in connection with PBX dial switching equipment. DID is not available with an external LEC provided Centrex Service. Unless otherwise requested by the Customer, DID service transmits the dialed digits for all incoming calls to the Customer's PBX or multi-line terminating system allowing the Customer's PBX or multi-line terminating system to route the incoming calls to the desired station(s). In order to subscribe to DID Service, the Customer must also subscribe to DOD Service.

AT&T Digital Link Direct Inward Dialing Service requires subscription to DID number groups. When dialed, these numbers are routed over available DID arranged channels of the digital access facilities to the Customer's premises. DID number groups may be ordered in initial groups of 20 and additional groups of 10. Additionally, Customers may request less than 20 DID numbers for a particular facility.

AT&T Digital Link DID Service is not available to Customers with Terminating Switched Access Arrangements functionality or an Access Value Arrangement functionality with AT&T. DID Service is only furnished where facilities exist.

The Customer will make available to AT&T sufficient capacity on the dedicated digital facilities between its premises and AT&T's network to allow AT&T to terminate all calls to that Customer, including calls originated by Interexchange Carriers and other Local Service providers.

SECTION 9 - AT&T DIGITAL LINK

9.1 DESCRIPTION (Cont'd)

9.1.4 AT&T Digital Link Main Listed Number (MLN)#*

AT&T Digital Link Main Listed Number Service provides inward calling service from the telecommunications network to the Customer's premises. MLN is not available with an external LEC provided Centrex Service. MLN Service will terminate at the Customer's PBX or multi-line terminating system by way of the Customer's main listed number. This main listed number will be the Customer's only published and dialable AT&T Digital Link Service number. The incoming call will be completed to the called station via a prompt by an auto attendant (the PBX) or via an attending agent. In order to subscribe to MLN Service, the Customer must also subscribe to DOD Service.

AT&T Digital Link MLN Service is not available to Customers with Terminating Switched Access Arrangement functionality or Access Value Arrangement functionality with AT&T.

The Customer will make available to AT&T sufficient capacity on the dedicated digital facilities between its premises and AT&T's network to allow AT&T to terminate all calls to that Customer, including calls originated by Interexchange Carriers and other Local Service providers.

AT&T Digital Link MLN Service is only available to Customers (a) where the MLN Service was installed and operating on or before August 1, 2003, (b) where no additional telephone numbers are added to the MLN Service (resulting in multiple inbound numbers) after August 1, 2003, and (c) where the inbound MLN telephone number is not moved to a new location after August 1, 2003 ("Grandfathered MLN Service"). A Grandfathered MLN Service, which no longer satisfies one or more of the preceding conditions shall be reclassified as an AT&T Digital Link Direct Inward Dialing Service and shall be subject to the applicable monthly recurring charges. A Customer of a Grandfathered MLN Service may not order additional MLN Services to new locations, but may retain its Grandfathered MLN Services at existing locations provided that the applicable conditions are met.

* Main Listed Number (MLN) is not available for new installations after August 1, 2003.

SECTION 9 - AT&T DIGITAL LINK

9.1 DESCRIPTION (Cont'd)

9.1.5 AT&T Incoming Call Re-direct

AT&T Digital Link (ADL) Direct Inward Dialing (DID) Customers may choose to redirect their incoming calls to an alternate ADL DID location within the local calling area, designated by the Customer, for completion during a network failure lasting more than four hours, a customer premise problem that causes an out-of-service condition, or a customer-scheduled interruption.

When re-directing calls the Customer will be responsible for ensuring that the receiving number(s) has the necessary capacity to handle the additional calling load. The Customer may re-direct their calls to either a single number or multiple numbers. If the customer opts to direct their calls to more than one number, the customer may re-direct up to five numbers to be routed to a maximum of five alternate routing numbers. The choice of five alternate routing numbers is applicable per location T1.5, not per trunk group (a "limited re-direct"). If the customer opts to direct their calls to a single number, the customer may re-direct any portion of their numbers to that single routing number (a "complete redirect").

Emergency Routing: If the Company determines that an out-of-service condition cannot be resolved within four hours, the Company will attempt to implement an alternative routing limited re-direct within one hour. When line ranges are involved in a complete re-direct, implementation times may be longer. The Company will attempt to re-direct sequential ranges with a quantity of 800 telephone numbers or less within 2 hours. Non-sequential ranges or sequential ranges in excess of 800 telephone numbers may require additional time. The Company will provide the customer a targeted completion time when the determination to implement Call Re-Direct is made. If the out-of-service condition is a result of an AT&T local access or an AT&T network failure, emergency routing will be available at no charge. The re-direction will be cancelled and the original routing restored upon the earlier of (a) resolution of the out-of-service condition or (b) one week after re-direction is implemented.

9.1 DESCRIPTION (Cont'd)

9.1.5 AT&T Incoming Call Re-direct (Cont'd)

If the out-of-service condition is not due to an AT&T network failure, the customer will be charged \$200 for each number, up to a maximum of five, to which the calls are being re-directed. The customer must inform AT&T when the out-of-service condition is remedied. The re-direction will be cancelled and the original routing restored upon the earlier of (a) resolution of the out-of-service condition or (b) one week after re-direction is implemented.

Customer-Scheduled Routing: A Customer may request, up to 6 times per year, that their calls be re-directed to an alternate location if conditions at their premise, e.g. a scheduled power shut down or disconnection of equipment, will result in an out of service condition. Customer-scheduled routing will be implemented at the discretion of the Company. The Customer is responsible for informing the Company of the timing and duration of the Call Re-Direct and must request the Call Re-Direct a minimum of 48 hours prior to the requested time of implementation. The Customer will be charged \$200 for each number, up to a maximum of five, to which the calls are being directed. The re-direction may be left in place for a maximum time period of one week.

9.2 REGULATIONS

9.2.1 Provisions of AT&T Digital Link

AT&T Digital Link may be utilized by Customers only for the completion of AT&T local calls that both originate and terminate within the AT&T Digital Link Local Service Area. Calls which terminate or originate outside of the AT&T Digital Link Local Service Area are provided under other appropriate tariffs.

9.3 RATES AND CHARGES

AT&T Digital Link DOD rates include usage-based charges which are billed in arrears, and apply to all AT&T Digital Link DOD calls. DOD usage charges for AT&T Digital Link are determined by the following rate periods. AT&T Digital Link DID and MLN* rates include non-recurring and monthly recurring charges.

- # Charges for Direct Inward Dialing Service (DID) (per Channel of the Digital Facility so equipped) or Direct Inward Dialing Service (DID) (per Digital Facility so equipped) do not apply when ISDN-PRI is provisioned on the dedicated digital facilities described in Section 9.1.1 above. (C)(T)

Direct Inward Dialing Service Trunk Establishment Charge is waived for new AT&T Digital Link DID Customer locations.

* Main Listed Number (MLN) is not available for new installations after August 1, 2003.

- # Effective October 1, 2014, a waiver of charges for these DID services will no longer be available. Existing ADL Customers currently receiving this waiver and orders for DID services eligible for this waiver that are received by September 30, 2014, will continue to have these DID service charges waived. 9.4 DIRECTORY LISTINGS

9.4.1 General

Customers shall provide the Company with information for all Directory Listings.

The Company will include the Customer's Main Listings in the white and yellow page directories, and offer Additional Listings to the Customer at an additional charge(s). The Customer must identify its Non-Published and Non-Listed business telephone numbers for directory purposes.

The Company is not liable for damages arising from errors or omissions in the making up or printing directories or in accepting Listings as presented by the Customer.

If a Customer that subscribes to AT&T Digital Link Service under this tariff, for the purposes of resale to other parties, wishes to obtain Directory Listings for its end users, the Customer must provide the Company with all information necessary for such listings in the form required by the Company. The Company will not accept such information directly from the Customer's end users, and will not gather such information for the Customer. AT&T shall not be liable to the Customer's end users for any damages arising from errors or omissions in connection with such Directory Listings. AT&T shall not be liable to the Customer for any damages arising from errors or omissions in connection with such Directory Listings that directly or indirectly are the result of errors or omissions made by the reseller in collecting or transmitting such information to AT&T.

9.4 DIRECTORY LISTINGS (Cont'd)

9.4.1 General (Cont'd)

A. Compositions of Listings:

1. Names

The following names may be included in business service listings:

- a) The name of the subscriber or patron of a reseller.
- b) The name of each separate business enterprise which the subscriber or patron of a reseller conducts.
- c) The name by which the business of a subscriber or patron of a reseller is known to the public, provided that only one such name representing the same general line of business will be accepted.
- d) The name of any person associated with the subscriber or patron of a reseller in the same business.
- e) The name of any person, firm or organization which the subscriber or patron of a reseller is authorized to represent, or the name of the authorized representative of the above.
- f) Alternate spelling of an individual name or alternate arrangement of a business name provided that the listing, in the judgment of the Company, is not for advertising purposes.
- g) The name of a publication issued periodically by the subscriber or patron of a reseller.

9.4 DIRECTORY LISTINGS (Cont'd)

9.4.1 General (Cont'd)

A. Compositions of Listings: (Cont'd)

1. Names (Cont'd)

- h) The name of any inactive business or organization in a cross reference listing when authorized by such business or organization.
- i) The name of a member of the subscriber's domestic establishment when business service is furnished in the subscriber's residence.
- j) The name of a corporation which is the parent or a subsidiary of the subscriber.

2. Designations

The purpose of a business designation is to identify the listed party and not to advertise the business. No designation of the nature of the business is included if this is sufficiently indicated by the name. Where a listed party is engaged in more than one general line of business, two or more designations may be included in one listing when necessary to identify the listed party. When a listed party has two or more telephone numbers or two or more business addresses, designations indicating the branches of the organization may be included where necessary to assist the public in calling.

A designation may include a title to indicate a listed party's official position, but not the name of the firm or corporation with which the individual is connected. Conversely, individual names or titles are not shown following the name of a firm or corporation.

9.4 DIRECTORY LISTINGS (Cont'd)

9.4.1 General (Cont'd)

A. Compositions of Listings: (Cont'd)

2. Designations (Cont'd)

A listing may not include a designation, such as "agency", "dealer", or "representative" except in connection with the legal name of the subscriber.

A term such a "renting agent" may be included in a listing indented under the name of a building, provided that the agent maintains a renting office in such building.

Handicapped persons, who are business subscribers, who are certified to the Company as having a hearing or speech impairment which requires that they communicate over a Telecommunications Device for the Deaf, may have the designation "TDD" to indicate that their telephone service terminates on such equipment.

3. Addresses

Except as specified, each listing includes: (1) the house number or street name or a location where the telephone service is furnished or (2) in cases where the telephone service is switched or otherwise extended to another premises, the house number and street name of a location of the other premises.

The name of a building will be shown, in lieu of the street address, but only in case of Federal, State, County and Municipal buildings, public libraries, large hotels and apartment houses, or other buildings commonly known by name. In suburban areas the name of a residence or cottage on a private estate may be shown and the name of the street may also be included when necessary for identification.

9.4.2 Types of Listings:

A. Basic Directory Listings

The Customer will receive one free Basic Directory listing, per location, in the alphabetical section of the directory which serves the Customer's location. Business Customers will receive a single white page and a single yellow page listing.

B. Additional Listings

The term additional listing denotes any white page listing, regardless of form, in addition to the Basic Listing. A monthly rate applies for each additional listing. Additional business Listings may be any of the following:

1. If the Customer is a partnership or a firm, names of partners or members of the firm;
2. If the Customer is a corporation, names of officers of the Corporation;
3. For any business establishment, names of associates or employees of the establishment.

B. Additional Listings (Cont'd)

Additional Listings also may be the bona fide names of firms or corporations which the Customer owns or controls or is duly authorized to represent, or names under which business is regularly conducted.

C. Types of Additional Listings

1. Standard listings

A Standard Listing is the type of listing which includes a name designation, address and telephone number to appear in the Directory Assistance records and the alphabetical directory that covers the area where the telephone service is provided.

2. Indented listings

An indented listing is the type of listing which is indented under a basic listing or under a caption and may not include more than a designation, address or telephone number. A caption consists of a name and may include a designation but not a telephone number. An address may be included only if all of the services listed under the caption are located at the same address. When the same designation is appropriate for two or more of the indented listings, the designation may be shown as a subcaption for such indented listings.

Indented listings are permissible when a subscriber is entitled to two or more listings, whether main or additional listings, of the same name with different addresses or different telephone numbers, subject to the regulations for duplicate listings when such addresses are covered by different directories.

9.5 SERVICE QUALITY GUARANTEES

9.5.1 General

AT&T will provide a service quality guarantee to AT&T Digital Link Customers. As specified in each individual guarantee, AT&T will offer a credit or delivery by an alternate means when AT&T Digital Link does not meet the Customer's quality expectations. Service Quality Guarantees are not available to AT&T Digital Link Customers who subscribe to ACC Business.

AT&T Digital Link Customers who are not satisfied with the quality of a call made over the Customers' subscribed service or are not satisfied with AT&T's efforts to restore an interrupted service or meet a service installation due date must contact AT&T and report their dissatisfaction in order to receive the Service Quality Guarantee Credit.

These AT&T Service Quality Guarantees are in lieu of any credits specified under this tariff. In the event that a Customer is eligible for credits under this tariff and another AT&T tariff, the Customer will only receive the larger of the two credits.

AT&T Digital Link Call Satisfaction Guarantee, Service Interruption Satisfaction Guarantee, and Installation Satisfaction Guarantee apply only to AT&T Digital Link Customers who also subscribe to AT&T SDN OneNet Service, AT&T Software Defined Network Service, AT&T UniPlan Service, AT&T CustomNet Service or AT&T Business Network Service provided under this Company's Tariff P.S.C. No. 22.

AT&T Digital Link FAX Performance Guarantee applies only to AT&T Digital Link Customers who also subscribe to AT&T UniPlan Service, AT&T CustomNet Service or AT&T Business Network Service provided under this Company's Tariff P.S.C. No. 22.

AT&T Digital Link Customer Satisfaction Price Guarantee applies only to AT&T Digital Link Customers who also subscribe to AT&T UniPlan Service or AT&T Business Network Service provided under this Company's Tariff P.S.C. No. 22.

Credit will be applied based on the Customer subscribed AT&T service specified below. The credit will be equal to the lower of: the credit per location specified herein, the highest monthly billing for the Customers' most recent three full billing months for the location affected; or the amount billed on the Customer's first full months billing statement for the location affected if the Customer has subscribed to the service for less than three full billing months. The credit will be applied for each event described in 9.5.2.A and B preceding, subject to a maximum credit per service Type per Main Billed Account, per twelve month period. Each service Type is specified below. Such period will begin with the first full billing month in which the Customer receives its first credit. Multiple Main Billed Accounts per service Type of the same Customer are considered as one billing account for the application of the maximum twelve month credit per Customer billing account. The maximum twelve month credit will be based on the total of all credits applied for both the Service Interruption Satisfaction Guarantee Credit and the Installation Satisfaction Guarantee Credit. Credit will be issued to the Customer within three full billing months after the Customer has reported its dissatisfaction to AT&T. Customers receiving credit under this guarantee are not entitled to any other credits provided under this section.

SECTION 9 - AT&T DIGITAL LINK

9.5 SERVICE QUALITY GUARANTEES (Cont'd)

9.5.3 AT&T FAX Performance Guarantee (Cont'd)

C. Description

If an eligible FAX call, as described above fails, the FPG will provide Customer assistance through the Domestic FAX Service center (DFSC) twenty-four hours a day, seven days a week. Access to the DFSC is by way of a toll-free number at no cost to the Customer. The DFSC provides an analyst who will work with the Customer to isolate and resolve the trouble. Unless it is determined that the cause of the problem is Customer premise equipment related, the DFSC will initially attempt to re-FAX the document via AT&T equipment. If that fails, the DFSC will offer to place the Customer in touch with a Domestic Express Delivery Service of AT&T's choice, to deliver the FAX in accordance with the arrangements agreed to by the Customer and the Domestic Express Delivery Service, at AT&T's expense up to the annual maximum number of documents per Customer per calendar year, as specified in 9.5.3.D. following, for the type of AT&T service on which the FAX delivery trouble occurred. The value of the Domestic Express Delivery service will not exceed \$50.00 per document.

A Customer document is defined as printed material containing text and/or graphics, of up to 50 pages, 8 1/2" x 11" in size. Larger numbers of pages shall be considered multiple documents.

9.5.4 Regulations

A. Customer Satisfaction Price Guarantee

AT&T will provide a Customer Satisfaction Price Guarantee Credit to eligible AT&T Digital Link Customers who also subscribe to AT&T UniPlan service. Specifically, an eligible AT&T Customer may contact AT&T and participate in a single, brief discussion with an AT&T representative which compares AT&T services and comparable services of other carriers. Comparable services are those services with similar access types, features, functionality and term and revenue commitments, if any, applicable on a consistent basis, to the same Customer usage group. Eligible AT&T Customer data will come from recent usage records. The eligible AT&T Customer will judge whether AT&T's price for comparable service is competitive, i.e., that it is a price the Customer would consider attractive for comparable services. If the eligible AT&T Customer is not satisfied that the prices for the discussed AT&T services are competitive, and requests satisfaction under this guarantee, then AT&T will apply the Customer Satisfaction Guarantee Credit described below. Eligible AT&T Customers will be made aware that any credits due will be applied at their request.

For purposes of the Customer Satisfaction Price Guarantee, an eligible Customer means a Customer of the AT&T services specified in 9.5.4.B following.

B. Application of Credit

A one time credit, per eligible AT&T Digital Link Customer, will be applied. Following is the schedule of the credit applicable to eligible services. AT&T services whose rates, terms and conditions are not completely defined by the service listed below are excluded from the Customer Satisfaction Price Guarantee.

<u>AT&T Service</u>	<u>One Time Credit*</u> <u>Least Credit</u>
AT&T UniPlan (Special Access)	\$ 25.00
AT&T Business Network Service	\$ 25.00
	<u>Largest Credit</u>
	\$100.00

* The actual one time credit will be in an amount equal to the total monthly usage charges shown on the Customer's immediate previous full month's billing statement from the date of the Customer's call to AT&T, but not less than the amount stated in the "Least" column above nor more than \$100.00 including any credit pursuant to AT&T Business Service Guide.
