SECTION 4 - SPECIAL ARRANGEMENTS

4.1 GENERAL

A. Contracts

Customized service packages and competitive pricing arrangements at negotiated rates may be furnished on a case-by-case basis in response to requests by customers to AT&T for proposals or for competitive bids. Service offered under this tariff provision will be provided to customers pursuant to contract. Unless otherwise specified, the regulations for such arrangements are in addition to the applicable regulations and prices in other sections of the tariff. Specialized rates, charges and discounts will be made available to similarly situated customers on a non-discriminatory basis.

B. Promotional Offerings

AT&T may offer services at a reduced rate, free of charge, or offer incentives including gift certificates and coupons for promotional, market research or rate experimentation purposes. Such offerings will be for a limited duration. AT&T, upon one (1) days notice to the New York Public Service Commission, will specify the rates, terms, conditions and time intervals applicable to each promotional offering.

C. Special Charges

In any case where the furnishing of facilities and service involves special installation work or unreasonable construction, maintenance or replacement costs or expenses on the part of the Company, the Customer may be required to agree in writing to a termination charge liability which would apply in the event of disconnection prior to a specified period, or pay an installation charge or construction charge, monthly charge or any combination thereof, based on the additional costs and expenses involved. The Customer may also be required to pay additional charges for work performed outside of regular working hours at the request of the Customer.

Where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's Tariffs, charges based on cost will apply.
