- A. The company will promptly investigate and evaluate all complaints received from customers regarding bills for service rendered or required deposits. The results of the company's findings will be reported to the customer. During the period of investigation and evaluation, service will not be discontinued, nor shall a new notice of termination be issued, provided, however, that the customer will be required to pay the undisputed portion of any balance due, which may include bills for current usage.
- B. After the completion of such an investigation, if the company determines that the disputed service has been rendered, or that the disputed charge or deposit is proper in whole or in part, the company may require that the full bill or deposit be paid. Appropriate notices of the determination shall be given to the customer, and where notice of discontinuance of service was previously sent, or is served with the determination, such notice shall include a statement advising the customer of the availability of the Commission's complaint handling procedures, including the address and telephone number of the Department's Consumer Services Division. GENERAL INFORMATION

In a case where service is being restored after discontinuance for non-payment, the company may require full payment of all arrears as well as the restoration of service charge. If the company and the customer have entered into some form of payment agreement, the agreed upon down payment may be required before service will be restored.
