New York PSC No. 3 – Access Service  
Original Leaf No. 10  
Revision: 0  
Superseding Revision:

---

## SECTION 1 - DEFINITIONS AND ABBREVIATIONS, (CONT'D)

**V & H Coordinates** - Geographic points which define the originating and terminating points of a call in mathematical terms so that the airline mileage of the call may be determined. Call mileage may be used for the purpose of rating calls.

**VOIP-PSTN Access Traffic** - VoIP-PSTN Access Traffic is the access traffic exchanged between the Company and the Customer in time division multiplexing ("TDM") format that originates and/or terminates in Internet protocol ("IP") format. Traffic originates and/or terminates in IP format if it originates from and/or terminates to an end user customer of a service that requires Internet protocol compatible customer premises equipment.

**VoIP Service** – Transmission of communication by aid of wire, cable, radio, or other like connection using Voice Over Internet Protocol that is originated or terminated in Internet Protocol (IP) format. VoIP services are those services that require the use of IP compatible customer premises equipment.
