Voice T-1 Service
VersiPak® Lines and Trunks (Grandfathered)
Converged Voice Service

All Business Network Switched Service may be connected to Customer-provided terminal equipment such as station sets, key systems, PBX systems, or facsimile machines. Service may be arranged for two-way calling, inward calling only or outward calling only. Voice Mail Service is available for use with this service, see Section 5 of this tariff.

To the extent facilities are available, services offered under this tariff are provided by the Company on an On-Net basis. Unless otherwise noted, prices for services provided under this tariff reflect the On-Net price for such services. Where service is provided on an Off-Net basis, additional charges may apply. If during a contract period the Company brings a Customer's service onto the Company network, pricing for the original configuration shall continue to apply for the duration of the contract period.
