ECONOMIC DEVELOPMENT DELIVERY SERVICE

General Provisions

Determination of Demand

The Company will install a demand measuring device of a type approved by the Public Service Commission for the determination of the maximum demand, except as otherwise provided under General Rule 5.2.7 of the Schedule for Electricity relating to temporary service. (See General Rule 10.4 of the Schedule for Electricity for definition of maximum demand.)

Meters with Communications Capabilities

- (1) The Company will provide and maintain the communications service for the following: (a) Customers served under the Schedule for Electricity for electricity requirements in excess of their EDDS Allocation, provided the Company is required to provide and maintain the communications service pursuant to General Rule 6.5 of the Schedule for Electricity; (b) Customers served under Rate II of this Rate Schedule; and (c) Customers subject to Reactive Power Demand Charges.
- (2) PASNY or the Agency will arrange for the provision and maintenance of the communications service unless the Company is required to provide and maintain it as specified in paragraph (1) above. If communication is by telephone line, PASNY or the Agency will arrange for a dedicated telephone line. If the telephone line is not operational for any reason when the Company attempts to read the meter, the charge specified in General Rule 16.4 of the Schedule for Electricity will be assessed.
