G. SPECIAL PROVISIONS – continued

7.1 Non-Compliance Charges for Equipment Failure and/or Inadequate Fuel on Hand:

Whenever the Company becomes aware that the Customer's equipment is incapable of switching to an alternate fuel and/or that the Customer does not have a reasonable amount of fuel on hand considering the time in the heating season, the Company will notify the Customer within forty-eight (48) hours that the violation must be corrected within ten (10) calendar days. It will be the responsibility of the Customer to contact the Company and provide proof that the violation has been corrected. However, this violation will not apply if the Customer has previously stipulated in writing that the Customer is willing and able to shut down during periods of interruption.

Customers that receive notice from the Company regarding inadequate standby fuel and/or equipment failure that fail to supply the Company with proof will be subject to a non-compliance per therm charge equal to the greater of 130% of the No. 2 oil gas equivalent price (as published in the Journal of Commerce NY barge consumer No. 2 oil) or 130% of their otherwise applicable variable sales rate. For Customers taking Interruptible Transportation service, the non-compliance charges will be 130% of the applicable month's posted Interruptible Transportation Rate, SC 18-IT. Such non-compliance charge, which will be subject to all applicable utility taxes and surcharges, will be in lieu of the otherwise applicable variable rate and will be effective for the billing period during which non-compliance becomes known, and for any subsequent periods until the Customer provides the Company with satisfactory proof that the violation has been corrected. Customers subject to this higher variable rate continue to be subject to all terms and conditions of this Service Classification. If a Customer's action during a specific time period results in both non-compliance and Unauthorized Use charges being warranted, only the Unauthorized Use charges will be billed.
