2.5 SERVICE OPTIONS continued

2.5.52 FRONTIER Digital Phone UNLIMITED STATE (Cont'd)

B. Usage Charges (Cont'd)

Frontier may immediately convert the service to an FCA plan that charges for all long distance calls or, where systems permit, charge a 10-cent per minute rate for non-voice long distance calls, or calls that are not considered normal residential voice usage. Additional restrictions may apply

On the invoice there will be no individual call detail for usage that is associated with the unlimited direct dialed calls that are included in this plan. If the customer changes their long distance pre-subscription on their main line without any instruction as to what to do regarding the additional phone lines, the Frontier Unlimited State plan option will automatically be removed from the main line and thus the customers account. Note: To maintain the account for the customer, the remaining lines will be placed onto Frontier One or Simple Rate calling plan depending on the associated LEC.

Additional phone lines are available on this plan. Each additional line will be billed a per-minute domestic rate defined in this tariff. All calls are billed in oneminute increments with a minimum billing of one minute per call. If a customer subsequently does not pre-subscribe their additional line(s) to FCA but continues to have service on the main billing number on the account provided by FCA, casual calling rates on the additional line(s) will apply.

8xx inbound products may be used in conjunction with Frontier Unlimited State, (D) where available.

Monthly Recurring Charges

The Monthly Recurring Charge (MRC) for Frontier Unlimited State is billed in advance. If a new customer to Frontier Unlimited State enrolls mid-billing cycle, the MRC will be prorated.

Customers who commit to a one-year term commitment will be given a \$10.00 credit per month for the length of the contract. If the customer terminates the service before the end of the one-year period, a termination fee of \$200.00 applies
