COMPANY: KEYSpan GAS EAST CORP. DBA BROOKLYN UNION OF L.I. REVISION: 1
INITIAL EFFECTIVE DATE: 12/01/11 SUPERSEDING REVISION: 0
STAMPS: Issued in compliance with Order in Case 11-G-0412 dated 11/18/11

Service Classification No. 13
Temperature-Controlled Transportation Service (continued)
(Rate Codes: 730, 731, 732)

Annual System-Wide Test:

The Company will conduct an annual system-wide test of Customers' compliance served under this Service Classification.

Unauthorized Use Charge:

Gas consumed in excess of two therms per hour during periods that the Customer did not interrupt gas service during a Company initiated interruption without the express written authorization of the Company will be subject to an additional per therm charge of either (i) two times the sum of the Market Price for natural gas delivered to the Company's city gate on the day of violation plus the transportation rate the Customer would be subject to if it were a transportation Customer, or (ii) nine times the applicable sales rate, whichever is higher, beginning two hours after the remote switchover was initiated. All charges are subject to all utility taxes and surcharges. *Market Price* is defined as the highest city gate delivered price of natural gas at Transco Zone 6 NY, Texas Eastern M3 or Iroquois Zone 2 on the days of interruption, as quoted by Platts' "Gas Daily" report. A limited exception to the foregoing will apply if the Customer's failure to interrupt during a Company initiated interruption is due to a failure of Company-owned equipment that is not attributable to Customer. In such event, the Unauthorized Use Charge will only apply if the Customer fails to switch after the Company notifies the Customer to switch to its alternate fuel manually. The Customer will be subject to the Unauthorized Use Charge if the Company becomes aware that the Customer failed to interrupt gas service when required to do so because the Customer interfered with Company-owned equipment. In the event of consumption of gas during such periods, the Company will have the right to estimate the amount of such consumption for the purpose of imposing the additional charge. Such estimate may be based upon the average daily consumption during periods of authorized consumption or upon any other reasonable method including, but not limited to, the use of telemetering equipment.

Where a condition is experienced by the Customer that prevents the required transfer from gas, the Customer agrees to immediately notify the Company and to take immediate action to correct such condition, and to notify the Company when such condition has been corrected.
