 SUPERSEDING REVISION:

GENERAL INFORMATION

14. FORM OF APPLICATION FOR SERVICE (Continued)

14.4 APPLICATION FOR NON-RESIDENTIAL SERVICE (Continued)

Gas Service Classification No. 1 – General Service

Residential and space heating service. The total hourly input of a commercial or industrial customer's space heating equipment shall not be more than 500,000 BTU except that the upper limit may be 1,000,000 BTU in the case of space heating service to churches, schools, and hospitals.

Gas Service Classification No. 2 – Commercial Service

Commercial service including space heating.

Gas Service Classification No. 6 – Firm Transportation

Firm Transportation of customer-owned gas within the Company's service territory when a customer has a current, fully executed contract with a Qualified Seller ("Seller") and the Seller has agreed to the terms and conditions of Service Classification No. 11.

Note: Gas service can also be taken on an interruptible basis. See your O&R representative for details.

Deposit Policy

O&R has included provisions in its tariff for requiring deposits from customers, pursuant to Public Service Law, Section 117, and in accordance with 16 NYCRR.

Purpose of Deposit: To provide O&R with security for services rendered.

Amount of Deposit: A sum equal to twice the average monthly billing or twice the average monthly billing during peak usage period. O&R may change the

deposit amount if it determines that the deposit held either falls short of, or exceeds, the amount that O&R may lawfully require by 25% or more.

Term of Deposit: The deposit will be held for a period of two years of prompt payment of bills for service.

New Applicants for Service: A deposit will be required of an applicant for service whose standard industrial code assignment has historically been

identified as the type of business that fails frequently in the first two years of service.

Signature of Applicant and Representative

NOTICE:

● O&R will test the customer's metering device(s) to assure its accuracy prior to, or within 30 days of the initiation of service. This testing will establish

a record of the condition of the metering device at the initiation of service and will preserve O&R's rights to back bill for unbilled service caused by any subsequent faulty operation of the metering device. Applicant affirms to have read and understands the obligations set forth in this application.

● O&R electric and gas service installation work is provided at no charge. However, O&R will require contributions in aid of construction for

work that exceeds allowances as provided for in its filed tariff. Construction contributions, security deposits or any other prices quoted by O&R are

subject to change without notice.

● Under certain conditions, O&R will conduct an initial inspection of the installation to ensure compliance with its specifications for electrical installations. If the installation is not in compliance with the Company's and/or other applicable rules, service shall not be rendered and the Company

shall assess a reinspection fee for any subsequent reinspections of the installation.

● In addition to our Project Management staff, you may contact the Director of New Business or Section Manager of New Construction at

845-577-3324

at any time to discuss any matter of importance to you.
