PSC No.: 1
Effective Date: April 28, 2012

Section: 1
Leaf No: 7
Revision: 0
Superseding revision:

SECTION 1: DEFINITIONS

Point of Presence ("POP"): Point at which responsibility for handling traffic changes over from the local telephone operating company to the interexchange carrier.

Premises: The space designated by a Subscriber as its place or places of business for termination of service (whether for its own communications needs or for its resale subscribers).

Primary InterLATA Carrier ("PIC"): Long distance carrier designated by a telephone subscriber to provide him with interLATA service without having to dial a special access code.

Primary Listing: A form of listed service consisting of a one-line listing in the white pages and a one-line heading in the yellow pages.

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for Network Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Shared Inbound Calls: Refers to calls that are terminated via the Customer's LEC-provided local exchange access line.

Shared Outbound Calls: Refers to calls in Feature Group D exchanges whereby the Customer's local telephone lines are presubscribed by the local exchange company to the Company's outbound service such that "1 + 10-digit number" calls are automatically routed to the Company's network. Calls to stations within the Customer's LATA may be placed by dialing "10 + XXX or 101XXXX + the 10-digit number".
