INTRASTATE SWITCHED ACCESS SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.3 Customer Reporting (Cont'd.)

2.3.4 Meet Point Billing

Meet Point Billing applies when more than one Carrier is involved in the provision of Access Service. VT shall provide terminations at its switches/access tandems for origination and termination of Carrier access calls to and from interexchange carriers and the Customer. All recurring and nonrecurring charges for services provided by each Carrier are billed under each Carrier's applicable rates. These calls will be billed under Meet Point Billing arrangements for interLATA and Carrier access traffic. The Customer must establish separate trunk groups for traffic handled under Meet Point Billing arrangements. The Customer must provide call detail in standard industry format to VT for calls exchanged or completed under Meet Point Billing arrangements.

VT accepts and adheres to the Ordering and Billing Forum guidelines, Multiple Exchange Carrier Access Billing (MECAB) and Multiple Exchange Carrier Ordering and Design (MECOD).
