Special Provisions

- (A) "Qualifying Facility" means a cogeneration or a small power production facility that meets the requirements for qualification under Part 292 of Title 18 of the Code of Federal Regulations or a "co generation facility," "alternate energy production facility," or "small hydro facility," as defined in Section 2 of the New York Public Service Law.

The Customer will furnish to the Company such data as required by the Company to determine that the Customer meets the requirements for qualification under Federal or State law.

- (B) A Customer which is a Qualifying Facility under Part 292 of Title 18 of the Code of Federal Regulations may elect to engage in the simultaneous purchase and sale of capacity and energy with the Company under this Service Classification, subject to all of the terms and conditions of this Service Classification.

A Customer electing to engage in the simultaneous purchase and sale of capacity and energy with the Company under this Special Provision must sell its entire electric generation to the Company under this Service Classification and must take its entire electrical requirements under Standby Service.

- (C) The rates, terms, and conditions set forth in this Service Classification shall be applicable to:

- (1) purchases of capacity and energy made pursuant to contracts entered into prior to February 25, 1991;
- (2) purchases of energy-only; and
- (3) purchases of capacity and energy from facilities located within the Company's service territory and sized at 2 megawatts or less pursuant to contracts negotiated for such facilities.
