Princeton Hosted Solutions, LLC                P.S.C. No. 1 -Telephone
Effective Date: February 15, 2012                      Page No. 65
                                                       Revision: 0
                                                 Superseding Revision:

SECTION 5 - <u>SUPPLEMENTAL SERVICES (cont'd)</u>

5.5     CALLER ID BLOCKING (cont'd)

        5.5.2   Per-Line Blocking

        Customers requesting Per-Line Blocking will prevent the display of their telephone
        numbers on all outgoing calls.  The Per-Line Blocking feature may be deactivated at
        any time by Customers on a call-by-call basis through the activation of a special
        code.  Blocking will be deactivated for that outgoing call only.  Per-Line Blocking is
        provided free of any recurring charge, but is a special feature which must be ordered
        by Customers.

        The Company will initially install Per-Line Blocking at no charge.  Requests to
        remove Per-Line Blocking on Customer lines will be completed at no charge.
        Subsequent requests to re-install Per-Line Blocking will be completed at prevailing
        Company non-recurring service order rates.

        Per-Line Blocking will not prevent the display of originating telephone numbers to
        911 emergency service providers.

        Customers who use either per-call blocking or line blocking may be unable to
        complete calls to Caller ID Number/Caller ID Name subscribers who have activated
        the Anonymous Call Rejection feature of Caller ID Number/Caller ID Name
        Service.  If a customer using blocking calls a Caller ID Number/Caller ID Name
        subscriber who has activated Anonymous Call Rejection, he/she will hear an
        announcement that the Caller ID Number/Caller ID Name subscriber is not
        accepting blocked calls.  There are several ways to complete a call to a Caller ID
        Number/Caller ID Name subscriber who has activated Anonymous Call Rejection:
        (1) place the call through an operator; (2) place the call using a calling card; or (3)
        place the call without blocking.  Options (1) and (2) involve charges in addition to
        the cost of the call.
