SECTION 9 – PRIMEONE LOCAL AND PRIMEPLUS INTRALATA TOLL SERVICES

9.3 PrimePlus IntraLATA Toll Service

9.3.1 Description

PrimePlus IntraLATA toll service is furnished for communication between telephones in different local calling areas within LATA 132 in accordance with the regulations and schedules of charges specified in this tariff. The toll service charges specified in this section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff.

PrimePlus IntraLATA toll calling includes the following types of calls: direct dialed, calling card, collect, 3rd number billed, special toll billing, requests to notify of time and charges, person to person calling and other station to station calls.

9.3.2 Call Charges

PrimePlus IntraLATA Toll rates are based on the duration of the call as measured according to Section 9.1.3, time of day rate period of the call as described in 9.1.4 and the airline mileage between points of the call as described in Section 9.1.5.C. In addition, where live or automated operator assistance is required for call completion or billing, a per call service applies.

Charges for all classes of calls may be to the calling station, to the called station when the called party agrees to accept the charges, to an authorized telephone number which is not the called station or the calling station (3rd number billing), or to an authorized calling card.
