LOCAL EXCHANGE SERVICES TARIFF

SECTION 5 - SUPPLEMENTAL SERVICES (CONT'D.)

5.3 Centrex Service Features

5.3.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

5.3.2 Description of Features

A. Call Transfer - All Calls

Call Transfer allows a station user to transfer an established call to another station. The station from which the call is transferred will be assessed any long distance charges incurred as a result of the transfer.

B. Directed Call Pickup with Barge-In

This feature answers calls directed to a specific line from any other telephone line in the user group.

C. Directed Call Pickup without Barge-In

This feature is identical to the Directed Call Pickup with Barge-In except, if the line being picked up has already been answered, the party dialing the pickup code is routed to reorder (i.e., fast busy) rather than permitted to barge in on the established connection and create a three-way call.
