LOCAL EXCHANGE SERVICES TARIFF

---

**SECTION 5 - SUPPLEMENTAL SERVICES (CONT'D.)**

5.2 Class Services (Cont'd.)

5.2.2 Description of Features (Cont'd.)

B. Automatic Redial (Cont'd.)

The following types of calls cannot be Automatically Redialed:

- Calls to 800 Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

C. Automatic Recall

The Automatic Recall stores the number of the most recent incoming call (including unanswered incoming calls) to a customer's number. This allows a customer to dial back any missed or unanswered telephone calls.

D. Customer Originated Trace

Customer Originated Trace allows customers to key in a code that alerts the network to trace the last call received. The traced telephone number is automatically sent to the company for storage for a limited amount of time and is retrievable by legally constituted authorities upon proper request by them. By contacting the company the customer can use this application to combat nuisance calls.
