SERVICE CLASSIFICATION NO. 4 (Continued)

CHARACTER OF SERVICE:

Continuous. Three-phase alternating current, approximately 60 Hz. Company will determine the voltage available and appropriate for the customer's total Electric Service requirements.

PARENT SERVICE CLASSIFICATION RATES FOR SC-4 SUPPLEMENTAL SERVICE:

Customers receiving SC-4 Supplemental Service shall be assigned the following parent service classifications for supplemental service provided under this Rate Schedule:

1. Customers Served Under SC-3A Before September 1, 1998

When the sum of the customer's monthly demand for SC-4 Supplemental Service, CTC Exempt HLF Service, and PFJ and EDP Service under Rule 34, but excluding Niagara Power Delivery Service, has exceeded 2,000 kW in any two consecutive months of the previous twelve months, or whenever in the Company's opinion the applicant's demand will exceed 2,000 kW in any two consecutive months. Effective July 1, 2013, billed demands for Niagara Power Delivery Service shall also be included in determining whether the customer's demands exceed 2,000 kW. A customer once assigned under Service Classification No. 3-A and/or Parent Service Classification No. 3-A shall remain on this parent service classification until the monthly measured demand has been 1,500 kW or less for twelve consecutive months following the initial Term of Service.

2. Customers Served Under SC-3A After September 1, 1998

When the sum of the customer's monthly demand for SC-4 Supplemental Service, CTC Exempt HLF Service, and PFJ and EDP Service under Rule 34, but excluding Niagara Power Delivery Service, has exceeded 2,000 kW in any six consecutive months of the previous twelve months, or whenever in the Company's opinion the applicant's demand will exceed 2,000 kW in any six consecutive months. Effective July 1, 2013, billed demands for Niagara Power Delivery Service shall also be included in determining whether the customer's demands exceed 2,000 kW. A customer once assigned under Service Classification No. 3-A and/or Parent Service Classification No. 3-A shall remain on this parent service classification until the monthly measured demand has been 1,800 kW or less for six consecutive months following the initial Term of Service.

3. All Other Customers

All customers receiving SC-4 Supplemental Service that do not qualify for Parent Service Classification No. 3-A will be assigned to Parent Service Classification No. 3.

In either event, the rates, terms and conditions specified in the applicable parent service classification shall apply to SC-4 Supplemental Service, subject to the terms of the Special Provisions of this Rate Schedule S.C. No. 4.

CALENDAR MONTH BILLING FOR NIAGARA POWER DELIVERY SERVICE, CTC EXEMPT HLF DELIVERY SERVICE, AND SC-4 SUPPLEMENTAL SERVICE
