## F. MONTHLY BALANCING PROGRAM

Sellers serving customers taking transportation service under SC 18 may elect to participate in either the Company's Monthly Balancing Program or Daily Balancing Program. Sellers serving customers taking transportation service under SC 17 must participate in the Company's Monthly Balancing Program.

Sellers that participate in the Company's Daily Balancing Program will be allowed to return to the Monthly Balancing Program on a best efforts basis. If approved to switch by the Company, the Sellers's customers must remain in the Monthly Balancing Program for at least 12 months

The following provisions are applicable to the Monthly Balancing Program:

### **1.** Delivery Quantity

The Company, based upon the Pool's historical normalized consumption and/or estimates of consumption under normal conditions, shall determine the Seller's DDQ. These allocations shall be set forth in the Seller's Service Agreement with the Company, and will be used to determine rates and charges Seller is required to pay, as set forth under this service classification.

### 2. Daily Swing Service Monthly Demand Charge

The Company will utilize upstream assets and gas supply to manage differences between the quantity of gas delivered each day by the Seller and the quantity of gas actually consumed each day by the Seller's Pool.

Sellers shall pay a daily swing service monthly demand charge which is calculated by multiplying: 1) the Daily Swing Service Monthly Demand Charge set forth on the Statement of Seller Charges and Adjustments; by 2) 1/12 of the Pool's annual normalized consumption.
