GENERAL RULES

10. Meter Reading and Billing - Continued

10.10 Minimum Monthly Charge for Demand-billed Customers - Continued

- d. For any month in which the Minimum Monthly Charge exceeds the monthly Pure Base Revenue and the monthly Pure Base Revenue plus the MAC, the Customer will pay the Minimum Monthly Charge in place of the following: (a) the MAC, (b) Demand Delivery Charges, and (c) Energy Delivery Charges. Such Customer will continue to be subject to the Billing and Payment Processing Charge, Charges for Metering Services unless those services are taken competitively, the Adjustment Factor – MAC, the System Benefits Charge and Renewable Portfolio Standard Charge, Supply Charges if the Customer is a Full Service Customer, and all other applicable rates and charges.
- e. Contract Demand is described in the "Minimum Monthly Charge" provision of the applicable Service Classification. Any Customer may request a revision of the Contract Demand, and the Contract Demand will be adjusted to a lower level if the Customer demonstrates to the Company, in advance, permanent changes to the electrical load in its premises through changes in equipment or changes in the kind of business or activity conducted that will make it highly improbable that the Customer's current Contract Demand will be experienced in the future. No such adjustment may be based on expectations of changes in weather. For a Customer whose Contract Demand has been reduced in the current month, subsequent Contract Demands will be determined in the same manner as for all other Customers, except that the demand history prior to the reduction will not be considered in determining the Customer's Contract Demand for subsequent months.
