**SERVICE CLASSIFICATION No. 9 - Continued****TRANSPORTATION SERVICE - Continued****Rates - Continued****(B) Interruptible Transportation Rates for Customers also Served under Service Classification No. 12 Rate 1:**

Customers may be served under Priority AB, C, D, or E. The Posted Rates Section of Service Classification No. 12 defines the eligibility criteria for these Priorities, and the Character of Service section defines the method of service interruption.

**Posted Rates:**

Within each Priority, separate rates shall be established for (1) Residential Transportation Customers served under Service Classification ("SC") No. 9, whose equivalent firm sales SC would be SC 1 or SC 3, (2) Non-Residential Transportation Customers served under SC9 who would otherwise be served as firm sales customers under SC 2, and (3) Non-Residential Transportation Customers who are exempt from the Petroleum Business Tax. These rates represent local distribution charges and shall be posted monthly on the Statement of Rate for Service Classification No. 9. The Company may temporarily decrease the rate level(s), at its sole discretion, at any time during the month upon notice to the Customer given in accordance with the Company's Sales and Transportation Operating Procedures.

The minimum rate shall be one cent per therm. If the Company has charged and the Customer had paid under this Service Classification, during the annual period defined below, an amount greater than the Company would have charged the Customer under the firm transportation Rates applicable to a Customer otherwise eligible for Service Classification No. 2 or No. 3 (as would have been applicable to the customer's use of service, exclusive of the air-conditioning rate, applicable Riders G and I Transportation Rates and other Riders and reductions to the otherwise applicable rates), the Company will perform a reconciliation. The reconciliation shall be performed after April 30 of each year for those customers that have taken service under this Service Classification for all of the months during the twelve-month period ending April 30. The reconciliation shall exclude any Charges for Unauthorized Use and balancing charges, including other charges and surcharges to the base rates set forth in this service classification related to a Customer's failure to comply with any of the provisions of this Service Classification, the Company's Sales and Transportation Operating Procedures, or this Rate Schedule. Any overpayments shall be reconciled by means of a credit applied to the Customer's July monthly bill.
