SERVICE CLASSIFICATION NO. 7 - Continued
RESIDENTIAL AND RELIGIOUS - HEATING

Special Provisions – Continued

- (E) Where service is used for a Customer's entire space or space and water heating requirements which are supplied electrically in combination with *bona-fide* solar energy collectors which supply all parts of the premises which the Customer elects to supply with space or space and water heating, and no other space or space and water heating equipment is connected or available for use in any part of the premises, the rates and charges applicable are as shown under Rate I or II of this Service Classification.

This service is provided under the following conditions:

- (1) No more than 50 Customers will be accepted;
 - (2) The Company may install on a Customer's premises any equipment reasonably needed to measure solar energy use, to collect and obtain any other data reasonably necessary to determine operating characteristics of such installation served under this Service Classification; and
 - (3) The Company will provide a rate for solar assisted space or space and water heating Customers taking service under this Service Classification at least until December 31, 1981. The form and the level of the rates and charges, definition of the billing periods, and terms and conditions of service may vary from those initially offered.
- (F) A Customer who has an existing account under this Service Classification may take service under a separate account, billed under Rate II of SC 1, for the sole purpose of heating water off peak and storing it, pursuant to the conditions specified in Special Provision (D) of SC 1.
