## Channels for Program Transmission

**3. General Regulations**  
**3.1 Application of Tariff**

| <b>3.1.1 Scope</b>                        |  |
|---|--|
| <b>A.</b>                                 | This tariff contains schedules of rates, regulations and descriptions applicable to channels for program transmission in connection with loudspeakers and sound recording, furnished by Verizon New York Inc., hereinafter referred to as the Telephone Company, to customers, including interexchange carriers and interexchange common carriers between points within a LATA within the State of New York. |
| <b>1.</b>                                 | <b>Availability—</b> Channels, as described in Section 3.1.1A, are furnished to existing subscribers only. Additions, rearrangements and moves are not permitted.  |
|   |  |
| <b>3.1.2 Customer Premises Equipment</b>  |  |
| <b>A.</b>                                 | Effective January 1, 1983, in accordance with the order of the FCC in Docket 20828, customer premises equipment, as defined by the FCC, will be provided by the Telephone Company for use with new or existing service only so long as such equipment is available from Telephone Company inventory acquired prior to January 1, 1983, except as otherwise permitted by the FCC.                             |
| <b>1.</b>                                 | The facilities in this tariff are not affected by this FCC decision and will continue to be offered by the Telephone Company to its subscribers, subject to such limitations as may be set forth in this tariff.   |
| <b>3.1.3 Resale or Sharing of Service</b> |  |
| <b>A.</b>                                 | For regulations regarding resale or sharing of service refer to PSC NY No. 900.  |
