## GENERAL RULES

### 24. Service Classification Riders (Available on Request) - Continued

#### RIDER U – DISTRIBUTION LOAD RELIEF PROGRAM – Continued

##### J. Summer Reservation Payments Program - Continued

###### 8. Application of Payments

Summer Reservation Payments will be calculated on a monthly basis. Payments to Customers enrolled in the program will be posted to their accounts. Payments to Aggregators and customers of NYPA, NYCPUS and COWPUSA will be made by check or wire transfer.

###### 9. Testing

Once during each Summer Capability Period, the Company may require a Customer or Aggregator to participate in a Test Event for a period not to exceed one hour, commencing at a time determined solely at the Company's discretion. The Company will give at least two hours' advance notice of the Test Event to the same representative or alternative representative that was designated in writing by the Customer or Aggregator to receive notice of a Load Relief Period (pursuant to section D.2 of this Rider).

If the Company can verify that a Customer provided at least 50 kW of Load Reduction or 50 kW of Load Delivery or that an Aggregator provided at least 100 kW of Load Reduction or 100 kW of Load Delivery during the Test Event, the Company will make a payment for one hour of energy up to the contracted amount using the calculation specified in section I of this Rider for the load relief achieved.

If the kW of Contracted Load Relief is increased during a Summer Capability Period, as described in section J.2 of this Rider, the Company may require such Customer or Aggregator to run a re-test. A re-test will not be required if the kW of Contracted Load Relief was already achieved during that Capability Period during an earlier Test Event or during a Load Relief Period.
