## GENERAL RULES

### 20. Standby Service - Continued

#### 20.3 Customers Exempt from Standby Service Rates

20.3.2 A Customer With Designated Technologies who commences operation of its on-site generation facility between July 29, 2003 and May 31, 2015, will be billed under Standard rates, unless the Customer makes a one-time election in writing no less than 30 days before commencing operation of the on-site generation facility to be billed under Standby Service rates.

“Customer With Designated Technologies” for purpose of this General Rule means a Customer who meets both of the following criteria:

- (a) has an on-site generation facility that: (i) exclusively uses one or more of the following technologies and/or fuels: fuel cells, wind, solar thermal, photovoltaics, sustainably-managed biomass, tidal, geothermal, or methane waste, or (ii) uses small, efficient types of combined heat and power generation that do not exceed 1 MW of capacity in aggregate and meets eligibility criteria that were approved in the order of the New York State Public Service Commission, dated January 23, 2004, in Case 02-E-0781; and
- (b) has a Contract Demand of 50 kW or greater and has on-site generation equipment having a total nameplate rating equal to more than 15 percent of the maximum potential demand from all sources.
