## GENERAL RULES

### 17. Special Services Performed by the Company at a Charge – Continued

#### 17.5 Request for Aggregated Company Records

A building owner or its authorized agent may request that the Company provide aggregated information concerning a building's electricity usage (i.e., for all units plus common areas) in kilowatt-hours ("kWh") and, where demand is metered, in both kWh and demand in kilowatts ("kW") covering up to the most recent two years from the date of the request.

All requests for Company records will be subject to the following terms and charges:

- a. Building-Level Data, provided solely in aggregate form, without revealing particularized or identifiable Customer information

The charges are as follows: (i) \$102.50 per request per building for information covering the lesser of 24 months or the months of data in the Company's database of current Customers, and (ii) \$102.50 per hour of Company labor (calculated in half-hour increments and rounded up to the nearest half-hour) for archived information.

- b. Tenant-level Data, provided for all directly-metered accounts in the building for which the Company has received written consent from the Customer authorizing the release of information to the building owner or its agent

The charge is \$102.50 per hour of Company labor (calculated in half-hour increments and rounded up to the nearest half-hour).

- c. All requests for building-level or tenant-level data must be made in writing and must state the relationship of the requestor to the building and the reason the information is being requested. The Company will comply with requests within 15 business days or within a reasonable period thereafter if the Company receives multiple requests during such timeframe.
- d. If building-level or tenant-level data is requested for both electricity and gas in a building receiving the Company's electricity and gas service, half of the applicable charge will be allocated to the electric service and half to the gas service.
