Initial Effective Date: 11/01/2011 Superseding Revision:

### **GENERAL RULES**

# 24. Service Classification Riders (Available on Request) - Continued

## RIDER L - DIRECT LOAD CONTROL PROGRAM - Continued

### E. Installation Credit

Customers will receive a one-time payment after the Control Device is installed. The payment will be \$25 for an account billed under SC 1 or SC 7 and \$50 for an account billed under another SC. The payment will be \$50 to any customer of NYPA, NYCPUS, or COWPUSA.

## F. Peak Load-Shaving Pilot Program

The Peak Load-Shaving Pilot Program is available to Customers in NYISO Zone J during the Summer Period (defined hereunder as May 1 through October 31) in 2011 and 2012. Customers may participate in this pilot program in addition to receiving the Installation Credit, if they apply for the pilot program electronically or in writing and the Control Device is installed on or before June 1 of the year in which they begin participation. Customers enrolled in the program in 2011 will automatically be enrolled in the 2012 program unless they request otherwise. Customers of NYPA and NYCPUS in NYISO Zone J are not eligible to participate in the pilot program.

Participants in the Peak Load-Shaving Pilot Program will receive an Incentive Payment at the end of the Summer Period, provided the Customer does not use the override feature of the Control Device during any Peak Load-Shaving Event during that Summer Period. The Incentive Payment will be \$25 per account billed under SC 1 or SC 7 and \$50 per account billed under another SC.

This program is available to participants in Rider U and Rider V but not to Customers who participate, either directly or indirectly through a third party, under any other Company or NYISO demand-response program (e.g., the NYISO Special Case Resources Program or the Company's Rider S or Rider T).
