## GENERAL RULES

### 24. Service Classification Riders (Available on Request) – Continued

#### RIDER M – DAY-AHEAD HOURLY PRICING - Continued

##### F. Metering

Customers' entire service must be measured by one or more interval meters, and there must be remote communications or the Customer must maintain any associated pilot wire in good working order. If a Customer requests service under this Rider on a voluntary basis and the Customer's service is not measured by one or more interval meters provided in connection with other Company service requirements, the Customer shall arrange for the furnishing and installation of interval metering with communications capability at the Customer's expense net of any available discount or rebate. The communications service will be provided and maintained pursuant to General Rule 6.5.
