GENERAL RULES

24. Service Classification Riders (Available on Request) – Continued

RIDER Y - RATES AND CHARGES FOR CUSTOMERS REQUESTING HIGH LOAD-DENSITY SERVICE - Continued

C. Customer Facility Cost Contribution

1. Facilities Cost Test: The Excess Facilities Amount shall be compared to the amount that is four times the estimated annual Pure Base Revenue that would be obtained from the Customer under the rates and charges of the appropriate Service Classification and this Rider. If the Excess Facilities Amount exceeds the amount of such revenues, the excess shall be deemed to be the Customer Facility Cost Contribution.

If the Customer is subject to the Interconnection Charge under General Rule 20 (Standby Service), the Customer Facility Cost Contribution will be decreased by the amount of the capital cost portion of such Interconnection Charge that was or would be incurred for facilities installed under this Rider.

2. Payment of the Customer Facility Cost Contribution: A Customer receiving service under this Rider shall pay the Customer Facility Cost Contribution determined by the Facilities Cost Test. The Customer shall pay that amount in accordance with the schedule established in the Service Agreement. The payment of that total amount shall not be refundable.

The difference between the Excess Facilities Amount and the Customer Facility Cost Contribution shall be secured in accordance with section G of this Rider.
