## GENERAL INFORMATION

### **4. METERING AND BILLING** (Cont'd)

#### **C. RENDITION AND PAYMENT OF BILLS** (Cont'd)

(1) **Budget Billing**(Cont'd)

(b) (Cont'd)

If the customer should fail to make the stipulated monthly payment on or before the past due date indicated on the bill, this plan may be cancelled and the customer billed in accordance with the applicable service classification. Bills paid after the past due date will be subject to a late payment charge.

**Non-Residential:**

(c) **Eligibility**

The Company will offer a budget billing plan to all non-residential customers except:

- (i) customers who have less than 12 months of billing history at the premises where service is rendered; or
- (ii) seasonal, short-term or temporary customers; or
- (iii) customers who have arrears; or
- (iv) interruptible, temperature controlled or dual-fuel customers; or
- (v) customers who have, for any reason, ceased being billed on a previous levelized payment plan before the end of the plan year in the past 24 months; or
- (vi) customers whose pattern of consumption is not sufficiently predictable to be estimated on an annual basis with any reasonable degree of certainty.

The Company may only remove a customer from its budget billing plan if the customer becomes ineligible under Section 4.C.(2)(a) of this Schedule, provided that the Company has given the customer an opportunity to become current in payment. If delinquency is the cause of the customer's ineligibility, such opportunity need only be given once in any twelve-month period.

(d) **Budget billing plan will:**

- (i) establish an eligible customer's monthly or bi-monthly budget billing amount which will take into consideration the best available relevant factors including the Company's standard estimation factors, projected prices, fuel adjustment charges and taxes;
- (ii) compare the actual cost of service rendered, as determined by actual meter readings and any price increases or decreases, to the budget billing amount, and for adjusting upwards or downwards the budget billing amount to minimize the adjustment required on the final settlement bill, which comparison will be done not less than two nor more than four times annually, and at the end of the plan year;
