INTEREXCHANGE SERVICES TARIFF

SECTION 4 - DESCRIPTION OF SERVICES AND RATES, (CONT'D.)

4.7 Minimum Monthly Usage

Beginning with bills rendered on or after September 8, 2005, there will be a minimum monthly amount that will be charged for long-distance usage by Customers subscribing for Choice One long distance service. Qualified usage includes interstate, intrastate and intraLATA direct dialed domestic usage, international long distance usage and toll free (incoming) usage. Usage in the form of Operator Assisted Services, Calling Card calls and conference calls does not contribute toward the minimum monthly amount. If a Customer's actual qualifying long distance usage charges for the month (before any applicable taxes, surcharges or similar items) are less than the minimum monthly amount, such Customer will be billed such actual charges plus an amount equal to the difference between such actual charges and the minimum monthly amount.

Notwithstanding the preceding paragraph, no minimum monthly amount will apply to Customers subscribing to a long distance calling plan with a monthly recurring charge or Customers subscribing to an unlimited 1+ calling plan.
