7.3 Application of Rates and Charges (Cont'd.)

7.3.4 ILP PIC Change Charge Billing Options (Cont'd.)

B. Reverse Billing Option C

This option is available to ICs for end user-initiated ILP PIC change orders placed at the Telephone Company's residence, business or equal access service centers. The NRCs for all of the IC's end user-initiated ILP PIC change orders placed at the Telephone Company's residence, business or equal access service centers will then be assessed to the IC instead of the end users.

1. The IC must notify the Telephone Company in writing of its election to establish and/or cancel the reverse billing option. Establishment and/or cancellation will be effective within ten business days from the date the Telephone Company receives written notification and must be in effect for a minimum of six months.
