SECTION 7 - INTRALATA PRE-SUBSCRIPTION SERVICE (CONT'D.)

7.3 Application of Rates and Charges (Cont'd.)

7.3.4 ILP PIC Change Charge Billing Options

A. Direct Billing Option C

This option is available when an IC initiates an ILP PIC change order through the CARE interface by either paper, magnetic tape, network data mover or by on-line electronic interface using system specifications determined by the Telephone Company. The IC can designate direct billing on any ILP PIC change orders it chooses by specifying the ILP PIC change charge indicator in position 405. The NRC for a change in presubscription will then be assessed to the IC, instead of the end user.

1. Lines equipped with selective access blocking are not eligible for this option.
2. Direct billing is not available for a change in ILP PIC from other carriers on orders placed via the Telephone Company's residence, business or equal access service centers.
3. Direct billing may also be utilized, at the Telephone Company's discretion, for orders placed to obtain end user service from the Telephone Company.
4. Direct billing cannot be specified on an order for a change in presubscription which is normally provided at no charge to the end user.
