NETWORK INTERCONNECTION SERVICES TARIFF

SECTION 1 - TARIFF INFORMATION AND GENERAL REGULATIONS (CONT'D.)

1.8 Changes and Substitutions (Cont'd.)

1.8.3 Provision of Telephone Numbers

The Telephone Company reserves the right to assign, designate or change its telephone numbers, serving end offices or tandems, rate centers, or any other call number designations associated with LEC NET-I services, or the Telephone Company serving central office prefixes associated with such numbers, when necessary in the conduct of its business.

1.8.4 Interference or Impairment

- A. The characteristics and methods of operation of any circuits, facilities or equipment provided by other than the Telephone Company and associated with the facilities utilized to provide services under this tariff shall not interfere with or impair service over any facilities of the Telephone Company, cause damage to their plant, impair the privacy of any communications carried over their facilities, create hazards to the employees of any of them or the public, or tend to injuriously affect the efficiency of the Telephone Company's personnel, plant, property or service. The characteristics and methods of operation shall comply with accepted and normal industry standards.
1. The Telephone Company will, where practicable, notify the LEC that temporary discontinuance of the use of a service may be required; however, where prior notice is not practicable, nothing contained herein shall be deemed to preclude the Telephone Company's right to temporarily discontinue forthwith the use of a service if such action is reasonable under the circumstances. In case of such temporary discontinuance, the LEC will be promptly notified and afforded the opportunity to correct the condition which gave rise to the temporary discontinuance.
