SWITCHED ACCESS SERVICES TARIFF

SECTION 8 - BILLING AND COLLECTION, (CONT'D.)

8.4   Billing Name And Address Service, (Cont'd.)

   8.4.3   Rate Regulations

       A.   Service Establishment Charges apply for the initial establishment of BNA service
              on a manual basis, for the initial establishment of BNA service on a mechanized
              basis and for establishment of a master BNA list for a Customer.

       B.   A charge applies for each request for BNA information for a telephone number
              or DTN number on a manual basis. A charge applies for each message processed
              to supply BNA information on a mechanized basis.

              The company will keep a count of the requests and of the messages processed.
              The company will bill the Customer in accordance with these counts whether or
              not the company was able to provide BNA information for all request and
              messages.

       C.   Where the recorded message detail is sufficient to determine a message is an
              intrastate message, the rates set forth in the rate schedule following will apply to
              each such message.

              Usage for which the recorded message detail is insufficient to determine
              jurisdiction will be prorated by the company between interstate and intrastate.

              The percentages provided in the reports as set forth in 8.4.2(E) preceding will
              serve as the basis for prorating the charges. The intrastate charges are determined
              as follows: For usage sensitive (i.e., requests or messages processed) chargeable
              rate elements, multiply the intrastate percent times actual use times the stated
              tariff rate.

       D.   When a Customer cancels an order for BNA service after the order date, the
              service establishment charge applies.

       E.   Rates and Charges
