INTEREXCHANGE TELECOMMUNICATIONS TARIFF

---

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (CONT'D.)

Service Management System (SMS/800): The main administrative support system of 800 Data Base Service. It is used to create and update Customer 800 Service records and that are then downloaded to Service Control Points (SCPs) for handling Customer's 800 Service calls and to Local Service Management Systems (LSMSs) for subsequent downloading to SCPs. The system is also used by Resp. Orgs. to reserve and assign 800 numbers.

Subscriber: The person, firm, corporation or other entity that orders or uses service and is responsible for the payment of charges and for compliance with tariff regulations. A business Customer is a telephone company subscriber whose use of such telephone company service is primarily or substantially of a business, professional, institutional or otherwise occupational nature, or where the listing required is such as to indicate business use, and is therefore charged business rates for basic telephone service. A residence Customer is a telephone company subscriber whose use of such telephone company service is of a domestic nature, and not substantially of an occupational nature, and who is therefore charged residence rates for basic telephone service.

Telecommunications Services: Telecommunications services are offered in three categories of service: long distance, local, and data (includes but is not limited to private line and internet services). Within each category, the Company offers a variety of products for the Customer's use. For example, T-PAC and Dune are products offered in the local service category; Dial-Up Internet and Private Line are products offered in the data service category; and, Aspect and Horizon LD are products offered in the long distance service category.

Vertical Features: Services such as call validation, "Plain Old Telephone Service" (POTS) number translation and provision of statistical information on the Customer's 800 traffic, which may be obtained by the Company from Local Exchange Company access tariffs on behalf of a DeltaCom inbound 800 subscriber for which DeltaCom serves as Resp. Org.
