Centrex Service is offered on a contracted basis with terms up to 120 months. The Company offers this service at the same rates as those offered under Intellipath II Digital Centrex by New York Telephone Company d/b/a Verizon.

A. Line Rates Applicable to Customers with 5-99 Lines

The following rates include standard line features and the first mile or fraction thereof of the distance between the Customer's local serving central office and the location of the Digital Centrex II service. When that distance is greater than one mile, a mileage increment also applies. When the Digital Centrex II line extends between different central office building areas, the interoffice mileage schedule will apply in addition to other rates as appropriate.
