STAMPS: Issued in Compliance with Order in Case 09-G-0795 dated September 22, 2010

SERVICE CLASSIFICATION NO. 9 – Continued**TRANSPORTATION SERVICE - Continued****Miscellaneous Provisions - Continued****(D) Interruptions of Service and Reserve Requirements for Interruptible and Off-Peak Firm Customers- Continued**

- (2) Power Generation Customers with inadequate alternate fuel or energy reserves who fail to interrupt gas service at any time during the first five days of interruption in any winter season will be billed for the difference between (a) 130% of the higher of a published distillate fuel index price, as determined in accordance with the Sales and Transportation Operating Procedures, or the Power Generation Gas Price, and (b) the Power Generation Gas Price. The Power Generation Gas Price is defined as the sum of the Power Generation rate excluding the Value Added Charge (VAC) and the cost of gas used in generating electricity as recognized in determining the VAC. The above-described charge shall be applied to all gas consumed during the billing period in which there is non-compliance with the interruption and for any subsequent billing periods during which non-compliance continues. Any Power Generation Customer with inadequate alternate fuel or energy reserves or inventory as of November 1 of each year will similarly be subject to the above charge.
- (3) Interruptible or Off-Peak Firm Customers, including Contract Interruptible or Off-Peak Firm Industrial Customers, with inoperable dual-fuel facilities, including associated Customer-installed phone lines, will be entitled to a forty-eight (48) hour grace period to correct the condition, after which time they will be billed for the difference between:
- (a) 130% of the higher of the applicable alternate fuel prices, as determined in accordance with the Company's Operating Procedures, or the applicable Interruptible or Off-Peak Firm sales rate; and
- (b) the applicable Interruptible or Off-Peak Firm sales rate.

The charge shall be applied to all gas consumed during the billing period in which there is non-compliance and for any subsequent billing periods during which such condition continues.

- (4) For each Winter Period, if an Interruptible or Off-Peak Firm Customer fails to fully interrupt its use of gas (except for any permitted use of gas for ignition purposes) for any two (2) interruption periods (including any planned interruptions) ("two-violation rule"), the Company will transfer that Customer to the otherwise applicable Firm service classification commencing with the billing month following the month in which the second violation occurs (unless the Company has received written notification that the Customer has chosen instead to have its gas service terminated at that time). Customers transferred to Firm service due to having committed two violations will not be permitted to return to Interruptible or Off-Peak Firm service for the remainder of the current Winter Period plus the next twelve succeeding months.
